RULES

AND

REGULATIONS

SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF

CANCELLATION NOTICE

This tariff cancels in whole or in part, as the case may be, all tariffs (including discount tariffs and supplements thereto) presently on file with the North Carolina Utilities Commission which provide rates and charges on the intrastate movement of household goods.

PARTICIPATING CARRIERS

This tariff applies for account of all carriers holding authority under certificates of exemption issued by the North Carolina Utilities Commission to transport household goods as described in Rule 4 (Commodity Description).

RULE 1

APPLICATION OF TARIFF

This tariff is applicable only on intrastate traffic, i.e. traffic having origin and destination within the State of North Carolina, as authorized under certificates of exemption issued by the North Carolina Utilities Commission.

RULE 2

DISCOUNTS FROM MAXIMUM RATES OR CHARGES

The rates and charges provided herein are maximum rates. Carriers may not exceed the maximum rate or charge applicable for any individual component set forth herein.

RULE 3

SCOPE AND APPLICATION OF TARIFF

Subject to the rules and regulations contained in Section I, the rates and charges shown in Sections II, III, and IV are the maximum rates and charges to be assessed by all carriers governed by this tariff, for all movements of household goods within North Carolina. EXCEPTION: Section IV, Item 18 (Full Value Protection) includes rates which are not subject to negotiated discounts.

All carriers issued a certificate of exemption by the North Carolina Utilities Commission authorizing the intrastate transportation of household goods are required to use the forms in Section V of this tariff.

**NORTH CAROLINA UTILITIES COMMISSION
NCUC HHG NO. 1**

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 4

COMMODITY DESCRIPTION

Household goods, as used in connection with transportation, means personal effects and property used or to be used in a dwelling, when a part of the equipment or supply of such dwelling, and similar property if the transportation of such effects or property is arranged and paid for by the householder or another party.

RULE 5

REISSUED ITEMS OR PAGES

References made herein to items, rules, or pages in this tariff include reference to reissue of such items, rules, or pages.

RULE 6

CANCELLATION OF ORIGINAL AND REVISED PAGES

When this tariff is amended by revised pages, the cancellation of prior pages, except the title page, will be effected by means of this rule. A revised page will not show a cancellation notice except when a cancellation notice is necessary because of suspension, rejection, or other reason. Revisions of each page will be filed in numerical sequence. Except where a specific cancellation is shown on a new revised page, a revised page cancels any and all uncancelled revised or original pages or uncancelled portions thereof, which bear the same page number. **EXCEPTIONS:** When a specific cancellation on a prior revised page excepts a previously filed page wholly or in part, this rule does not have the effect of cancelling such excepted previously filed page or portion thereof.

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 7**VALUATION**

- (A) As used in this tariff, the phrases, "released value", "declared value", "value declared by shipper", and "lump sum value" shall have the same meaning.
- (B) On any shipment where the transportation charge is based on weight and distance and/or hourly rated movements pursuant to the provisions of this tariff, the carrier's maximum liability shall be either (1) **\$4.00** times the actual weight (in pounds) of the shipment (constructive weight on hourly shipments-see Rule 29(B) (Basis of Weight)), or the declared lump sum value, whichever is greater; or (2) \$.60 per pound for the actual weight of any lost or damaged article or articles, if the shipment has been expressly released by the shipper to such value per article. Unless the shipper expressly releases the shipment to a value *equal to \$4.00 for each pound of weight in the shipment or lump sum value declared by the shipper*, the carrier's maximum liability for loss and damage *will not exceed \$.60 per pound per article*.
- (C) The released value must be shown on the bill of lading in the following form and must be initialed only by the person signing the bill of lading:

VALUATION: Shipper must initial the option selected.

_____ Basic Value Protection. I release this shipment to a value of \$.60 per pound per article.

_____ Full Value Protection. I release this shipment to a value of \$4.00 times actual weight in pounds of shipment or declared lump sum value of \$_____. (Declared value must be at least \$4.00 per pound times weight of shipment.)

See attached "Addendum to Uniform Household Goods Bill of Lading."

- (D) If the shipper fails to make the entry required in subsection (C) of this rule, the shipment will be deemed released to **\$.60 per pound per article (Basic Value Protection)**.

(Continued on next page)

**NORTH CAROLINA UTILITIES COMMISSION
NCUC HHG NO. 1**

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 7 (cont.)

- (E) The released value and the carrier's maximum liability (whether or not loss or damage occurred from carrier negligence), as determined under this rule, shall apply to any claims resulting from the performance or failure to perform by carrier of any services, including accessorial services, which carrier has contracted to perform.
- (F) Full Value Protection - See Section IV, Item 18.
-

RULE 8

**LIMITATION OF LIABILITY ON READY TO ASSEMBLE FURNITURE
MADE FROM PRESS BOARD, PARTICLE BOARD, AND ENGINEERED WOOD**

(A) Ready to Assemble Furniture is defined as meaning furniture manufactured from press board, particle board, engineered wood or similar materials which is shipped from the manufacturer in a knocked down (KD) or knocked down flat (KDF) condition to be assembled by the retail store, reseller, or end-user. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, and may not withstand the normal truck vibration, even in air-ride trailers. It is not constructed to withstand the normal stress of a move as an assembled unit. Assembly instructions frequently suggest that the connecting hardware pieces be glued in place. This does not significantly improve the structural integrity of the pieces and makes disassembly impossible without creating substantial, unreparable damage.

(B) When a shipper elects to ship an article as defined above, and notwithstanding the language contained in the Notice below, in no case shall the liability of the carrier exceed \$.60 per pound per article or \$50.00 per article, whichever is greater.

(C) Prior to the movement of a shipment of household goods, the carrier shall give the shipper a notice containing the language outlined below and receive back the original signed copy.

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 8 (cont.)**NOTICE**

**LIMITATION OF LIABILITY ON READY TO ASSEMBLE FURNITURE
MADE FROM PRESS BOARD, PARTICLE BOARD, AND ENGINEERED WOOD**

Furniture manufactured from press board, particle board, and/or engineered wood is designed to go into a box from the manufacturer, to the retailer, and then to the customer unassembled. It is not constructed to withstand the normal stress of a move as an assembled unit. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, and may not withstand the normal truck vibration, even in air-ride trailers. Usually chips or dents are not repairable. Surface impressions can be made on the furniture when writing on a single piece of paper. Assembly instructions frequently suggest that connecting hardware pieces be glued in place. This does not significantly improve the structural integrity of the pieces and makes disassembly impossible without creating substantial, unreparable damage. *When a shipper elects to ship an article as defined herein, and not withstanding the language contained in this Notice, in no case shall the liability of the carrier exceed \$.60 per pound per article or \$50.00 per article, whichever is greater.*

Option 1 I/we choose to disassemble and reassemble all press board, particle board, and or/engineered wood furniture prior to move. I/we assume all responsibility for damage to the press board, particle board, and/or engineered wood furniture which may occur during the disassembly of the furniture.

Option 2 I/we have engaged the services of another individual or company to disassemble all press board, particle board, and/or engineered wood furniture prior to move. I/we assume all responsibility for damage which may occur to the press board, particle board, and/or engineered wood furniture during the disassembly of the unit(s).

Option 3 I/we am/are tendering furniture constructed of press board, particle board, and/or engineered wood fully assembled as a part of our move. I/we understand that any claim for damage to the press board, particle board, and/or engineered wood furniture may be denied due to inherent vice, based upon the fact that fully assembled press board, particle board, and/or engineered wood furniture is inherently susceptible to damage as outlined above.

Shipper, owner, or consignee must select Option 1, 2, or 3.

RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 9

ARTICLES OF EXTRAORDINARY VALUE

(A) The carrier will not assume any liability whatsoever for: documents, currency, money, jewelry, watches, precious stones, or articles of extraordinary value including accounts, bills, deeds, evidences of debt, securities, notes, postage stamps, stamp collections, revenue stamps, letters or packets of letters, articles of peculiarly inherent value, precious metals or articles manufactured therefrom, which are not specifically listed on the bill of lading *or the inventory sheet*.

(B) All items included in a shipment that are considered to be of extraordinary (unusual) value must be specifically identified, and the carrier must be advised that they are included in the shipment. Items of extraordinary value are defined as those having a value of greater than \$100 per pound. Typically, household goods items that frequently have a value in excess of \$100 per pound per article are: currency, coins, jewelry, precious metals, precious or semi-precious stones or gems, gold, silver or platinum articles including silverware and service sets, china sets, crystal or figurines, fur or fur garments, antiques, oriental rugs or tapestries, rare collectible items or objects of art, computer software programs, manuscripts, or other rare documents. Of course, other items may also fall into this category and must be identified as well.

(C) Owner (shipper) agrees that any claim for loss or damage must be supported by proof of value and understands settlement will be based upon the information furnished in writing and signed by the shipper, and the declaration of value contained on the accompanying bill of lading, the bill of lading terms and conditions, the tariff in effect at the time of the shipment, the household goods descriptive inventory, and all pertinent information available to the carrier. If articles having a value in excess of \$100 per pound per article are not listed on the inventory, the shipper's signature attests to the fact that such articles are not included in the shipment. If through advertence or any other cause, items having a value in excess of \$100 per pound per article are included in a shipment and are not in writing and signed by the shipper, the shipper agrees that the carrier's liability for loss or damage to those items will be limited to no more than \$100 per pound per article (based upon the actual article weight).

RULE 10

INSURANCE

The cost of insurance against marine risk or any other insurance for the benefit of the shipper will not be assumed by the carrier.

RULE 11

PAYMENTS

(A) The carrier will not deliver or relinquish possession of any property transported by it until all tariff rates and charges thereon have been paid in cash, money order, certified check, or traveler's check, except where other satisfactory arrangements have been made between the carrier and the consignor or consignee, in accordance with the rules and regulations of the North Carolina Utilities Commission.

(B) Nothing herein shall limit the right of the carrier to require, at time of or before shipment, the prepayment in part or in full or guarantee of the charges.

(C) Subject to the foregoing paragraphs, provisions for payment of charges on storage-in-transit shipments are contained in Rule 48 (Storage-In-Transit).

(D) A finance charge of 1% per month will apply to payments made after thirty (30) days from date of invoice.

(E) Carriers may accept credit or debit cards. The processing fee for these transactions may be passed on to the shipper. Carriers may only charge up to the amount their credit card processing company charges the carrier for the individual transaction. The credit card processing fee will be listed on the bill of lading.

RULE 12

REGULAR HOURS OF SERVICE

Regular hours for service shall be between 8:00 a.m. and 5:00 p.m. on each day of the week except Saturdays, Sundays, and legal holidays (national, state, or municipal). Delivery will be tendered during regular hours of service unless agreed to otherwise by carrier and shipper.

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 13

NONBINDING ESTIMATES SUBJECT TO 110% RULE

Motor carriers subject to the rules and regulations of this tariff must, upon shipper's request, provide a nonbinding estimate of charges for services to be rendered. All such estimates shall be in writing and have clearly indicated on the face of them that the estimate is nonbinding on the part of the carrier, and that the charges shown are the approximate charges which will be assessed for the services identified in the estimate. The estimate must clearly describe the shipment and all services to be provided and be prepared in such format as provided in Section V. At the time of delivery of a collect-on-delivery shipment, the shipper may request delivery of the shipment upon payment, in the form acceptable to the carrier, of an amount not to exceed 110% of the estimated charges. This provision would not apply when such shipment is being delivered to a warehouse for storage at the request of the shipper. The carrier must, upon request of the shipper, relinquish possession of the shipment upon payment of not more than 110% of the estimated charges and shall defer demand for the payment of the balance of any remaining charges for a period of thirty (30) days following the date of delivery.

EXCEPTION: Nonbinding estimates are not required if the shipper requests such estimate less than five (5) business days prior to the move or if the total weight of the shipment is less than 500 pounds.

RULE 14

BINDING GUARANTEED ESTIMATES

Motor carriers subject to the rules and regulations of this tariff must, upon shipper request, provide a binding guaranteed estimate of services to be rendered. All such estimates shall be in writing and have clearly indicated on the face thereof that the estimate is binding on both the carrier and the shipper. The estimate will be provided in such format as specified in Section V. The estimate must clearly describe the shipment and all services to be performed. At time of shipment, any additional services performed by the carrier at the request of the shipper and not covered in the binding guaranteed estimate will be billed at the appropriate rate, and a *Change Order/Addendum to Estimated Cost of Services form* will be completed.

EXCEPTION: Binding guaranteed estimates are not required if the shipper requests such estimate less than five (5) business days prior to the move or if the total weight of the shipment is less than 500 pounds.

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 15

BINDING NOT-TO-EXCEED ESTIMATES

Motor carriers subject to the rules and regulations of this tariff must, upon shipper request, provide a binding not-to-exceed estimate of services to be rendered. All such estimates shall be in writing and have clearly indicated on the face thereof that the estimate is binding on both the carrier and the shipper. The estimate will be provided in such format as specified in Section V. The estimate must clearly describe the shipment and all services to be performed. At time of shipment any services performed by the carrier at the request of the shipper and not covered in the binding not-to-exceed estimate will be billed at the appropriate rate, and a *Change Order/Addendum to Estimated Cost of Services form* will be completed.

EXCEPTION: Binding not-to-exceed estimates are not required if the shipper requests such estimate less than five (5) business days prior to the move or if the total weight of the shipment is less than 500 pounds.

RULE 16

MILEAGE AND APPLICATION

(A) Except as otherwise provided herein, where rates herein are based on mileage, the applicable distance or mileage shall be that shown on the current highway map as published by the North Carolina Department of Transportation and shall be computed in the following manner:

1. When the point of origin and point of destination are shown in "city-to-city mileage chart" on this map, such mileage will apply regardless of mileage that may be determined by adding the individual distances shown on the map.
2. When the point of origin and the point of destination are not shown in the "mileage chart" on this map, then the mileage shall be determined by adding the individual distances shown on the map, via the shortest practical route.

(B) If the shipper requests a longer route than the shortest practical route as shown on the above-mentioned highway map, the mileage over the longer route shall apply.

(C) If transportation rates are not shown herein for the actual distance provided on the above-mentioned highway map, the rate shown for the next greater distance shall apply.

(Continued on next page)

**NORTH CAROLINA UTILITIES COMMISSION
NCUC HHG NO. 1**

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 16 (cont.)

(D) Mileage may also be determined by the Official Household Goods Transportation Mileage Guide No. 19 or the corresponding Rand McNally MileMaker software. Users of the Mileage Guide or the MileMaker software shall be listed on Page 9 following the List of Carriers Issued a Certificate of Exemption at the beginning of this tariff.

(E) Carriers listed on Page 9 of this tariff must use those products for all weight/distance moves and may not alternate between those products and the NC Department of Transportation highway map.

RULE 17

HOURLY RATE TRANSPORTATION APPLICATION

In calculating transportation on shipments moving for a ratemaking distance of thirty-five (35) miles or less, the hourly rates as shown in Section II shall apply. In no event are the rates for transportation charges in Section III applied on hauls of thirty-five (35) miles or less.

RULE 18

DISPOSITION OF FRACTIONS AND PARTS OF HOURS

Dispose of fractions in computing a charge by omitting fractions of less than one-half of one cent and increase fractions of one-half of one cent and greater to the next whole cent. Fractions of an hour on charges based on hourly rates will be disposed of as follows: Where the time involved is 15 minutes or less, the charge shall be for one-quarter (1/4) hour. When in excess of the 15 minutes but not more than 30 minutes, the charge shall be for one-half (1/2) hour. When in excess of 30 minutes but not more than 45 minutes, the charge shall be for three-quarters (3/4) hour. When in excess of 45 minutes and not over one hour, the charge shall be for one (1) hour.

**NORTH CAROLINA UTILITIES COMMISSION
NCUC HHG NO. 1**

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 19

COMPUTING CHARGES

(A) Except as otherwise provided herein, weight and distance rates in this tariff are stated in dollars and cents per 100 pounds, and total charges shall be computed by multiplying the weight of each shipment by the rate shown per 100 pounds, except as provided in paragraph (B) of this rule. When a shipment is transported a distance in excess of 800 miles, charges shall be computed as follows: (1) First find the rate for 800 miles in the applicable table of rates (Section III); (2) Next find the rate for the excess distance over 800 miles in the same table of rates; (3) Add the above two rates together to get the through rate per 100 pounds to apply on entire shipment.

(B) Transportation charges based on actual weight of the rate provided thereof shall not exceed charges based on the next higher minimum weight at the rate provided for such higher minimum weight. The weights shown under columns headed "Break Point" in Section III are the weights at which a lower charge develops by use of minimum weight and applicable rate shown in the next higher weight bracket.

(C) Hourly charges will be computed by applying the proper hourly rate contained in Section II to the actual number of hours required to accomplish the move.

RULE 20

MINIMUM WEIGHT CHARGE

Except as may be otherwise specifically provided for in this tariff, or as amended, a shipment weighing less than 500 pounds shall be accepted only at a weight of 500 pounds and applicable rates and charges based on weight shall be subject to 500 pound minimum.

**NORTH CAROLINA UTILITIES COMMISSION
NCUC HHG NO. 1**

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 21

COMPLETE OCCUPANCY OF VEHICLE

(A) Subject to the availability of equipment for the particular service desired, a shipment, the displacement of which completely occupies the loading space of a vehicle, or the peculiar displacement of which completely occupies the loading space of a vehicle, or the peculiar character of which otherwise prevents its transportation with other shipments on the same vehicle, will be accepted at charges computed on the actual weight subject to a minimum weight based on 7 pounds per cubic foot of total vehicle space. (See Rule 26 - Display of Van Space).

(B) Bill of Lading to be marked or stamped:

COMPLETE OCCUPANCY OF A VEHICLE

The empty movement of equipment shall be ordered in writing at the time shipments are accepted for transportation.

(B) Empty mileage operated from destination to next origin shall be that shown on the current highway map as published by the North Carolina Department of Transportation.

1. If the capacity of vehicle ordered is 1,000 cu. ft. or less, the minimum charge shall be based on 7,000 pounds.

2. If the capacity of vehicle ordered is in excess of 1,000 cu. ft., the minimum charge shall be based on 7 pounds per cubic foot of total vehicle space ordered.

(B) If at time for loading such shipment, carrier does not have available a vehicle of capacity ordered, carrier may substitute a vehicle or vehicles of an equivalent or greater capacity and transportation charges and minimum therefore shall be the same as would apply had carrier furnished a vehicle of the capacity ordered. (See Rule 26 - Display of Van Space)

(C) Bill of Lading to contain the following language:

_____ Exclusive Use of a _____ cu. ft. vehicle (Minimum 1,000 cu. ft.)
Shipment Moving at _____ lbs.

- b. Less than 5,000 lbs. and moving a distance of 81 miles and not more than 150 miles;
- c. Less than 8,000 lbs. and moving a distance of 151 miles or more.

(B) Subject to availability of equipment for the particular service desired, shippers may obtain expedited service on shipments of less than the weights described in (A) above, and transportation charges shall be computed on the basis of applicable minimum weight above and tariff rates applicable to such minimum weights. The carrier shall not be required to provide exclusive use of vehicle under this rule. For exclusive use of vehicle, refer to Rule 23 (Exclusive Use of a Vehicle).

(C) Bill of Lading to contain the following language:

RULE 26

DISPLAY OF VAN SPACE

The number of cubic feet of van space shall be legibly displayed on each side of the vehicle used by the carrier in rendering service under Rules 21 (Complete Occupancy of Vehicle), Rule 23 (Exclusive Use of a Vehicle), and Rule 24 (Space Reservation for a Portion of Vehicle).

RULE 27

BILL OF LADING

(A) Unless otherwise provided in this tariff, when property is transported subject to the provisions of this tariff, or as amended, the acceptance and use of the Uniform Household Goods Bill of Lading as described herein is required.

If the bill of lading is issued on the order of the shipper, or his agent, in exchange or substitution for another bill of lading, the shipper's signature to the prior bill of lading as to the statement of value or otherwise, or election for common law or bill of lading liability, in or in connection with such prior bill of lading, shall be considered as part of the original bill of lading as fully as if the same were written or made in connection with the original bill of lading.

Any alteration, addition, or erasure on a bill of lading which shall be made without the special notation thereon of the agent of the carrier issuing the bill of lading shall be without effect, and the bill of lading shall be enforceable according to its original tender.

(B) The rates and charges shown herein are reduced rates conditioned upon the use of the Uniform Household Goods Bill of Lading. Consignor, at his option, may elect not to accept the terms of the Uniform Household Goods Bill of Lading, and in lieu thereof to have the carrier transport the property with carrier's liability limited only as provided by common law and by the laws of the United States and the State of North Carolina insofar as they apply but subject to the terms and conditions of the Uniform Household Goods Bill of Lading insofar as such terms and conditions are not inconsistent with such common carrier's liability. The rate charged therefore will be 100 percent higher than the transportation rate contained in this tariff as would apply for such shipment if offered for transportation at a released value not exceeding \$.60 per pound per article.

When a consignor elects not to accept any of the terms of such bill of lading he must give notice to the initial carrier of such election. The initial carrier must indicate the receipt of such notice by writing or stamping thereon a clause signed by the carrier reading: "In consideration of the higher rate charged, the property herein described will be carried and the services to be rendered hereunder will be performed, with the carrier's liability limited only as provided by law; but subject to the terms and conditions of this bill of lading insofar as they are not inconsistent with such common carrier's liability."

(Continued on next page)

**NORTH CAROLINA UTILITIES COMMISSION
NCUC HHG NO. 1**

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 27 (cont.)

(C) All rates and charges herein are dependent upon the shipment being released in accordance with the provisions of Rule 7 (Valuation) of this tariff.

(D) Unless the shipper expressly releases the shipment to a value not exceeding \$.60 per pound per article, the carrier's maximum liability for loss and damage shall be (1) the lump sum value declared by the shipper or (2) an amount equal to \$4.00 times the actual weight in pounds for full value protection, whichever is greater. For these increased levels of liability, additional valuation charges as provided in Section IV, Item 18 (Full Value Protection) will apply. If the shipper wishes to avoid these additional charges, he must agree that if any articles are lost or damaged, the carrier's liability will not exceed \$.60 per pound for the actual weight of any lost or damaged article or articles in the shipment.

(E) The bill of lading may be paper or electronic. A carrier's use of electronic bills of lading is subject to all requirements of the Maximum Rate Tariff, as well as the following conditions:

- (1) Carriers must receive Commission approval prior to using electronic bills of lading.
- (2) Only carriers listed on page 9A of this tariff may use electronic bills of lading.
- (3) Electronic bills of lading must be in the same format as printed version bills of lading and provide the same consumer rights.
- (4) Copies of the electronic bills of lading should be sent to the shipper via email (a) immediately upon receiving the pre-move signatures verifying shipper selections and (b) immediately upon receipt of post-move signatures showing all charges.
- (5) Electronic bills of lading may only be used with the shipper's consent.
- (6) The carrier should have paper bills of lading available at the customer's premises during the move.
- (7) Shippers are entitled to receive a written copy of the bill of lading upon request.
- (8) If technical difficulties with the electronic bill of lading equipment or system arise, the carrier should use a paper bill of lading.

RULE 28

(A) The statements shown in (B) (1) and (2) must be preprinted on the face of bill of lading in distinctive bold type. The statements shown in (B) (5) and (6) must also be preprinted on the face of the bill of lading.

(B) In addition to the above statements printed in distinctive type on face of bill of lading, the following information must appear on the face of the Uniform Household Goods Bill of Lading:

- (1) The name of the motor carrier (not agent's name) which will transport the shipment.
- (2) The name, address, and telephone number of the office of the carrier.
- (3) The name, address, and telephone number of a person to whom notification, when required, shall be sent, except when not furnished by the shipper.

RULE 28 (cont.)

(4) The preferred delivery date or the period of time within which delivery of the shipment may be expected to be made at destination.

(5) North Carolina Utilities Commission Certificate of Exemption Number

(6) A statement, followed by the signature of the shipper, acknowledging receipt of an information brochure provided by the carrier which explains the shipper's rights.

(7) A Commission telephone number(s) for shippers to call with questions about rules and regulations pertaining to the bill of lading or their move.

(C) The contract terms and conditions of the bill of lading, attached thereto, are a part of this tariff and all information shown herein must be in bills of lading issued under provisions of this tariff.

(D) Pages 70 through 73 of this tariff contain the sample bill of lading, and the actual contract terms and conditions that must appear on the bill of lading.

(E) Electronic bill of lading must include the following information:

(1) All information required in sections (A) – (C) of this Rule.

(2) The electronic bill of lading must allow the shipper and/or carrier to record additional information regarding the move.

(3) Electronic devices displaying the bill of lading must have a screen size no less than 7 inches diagonally.

RULE 29

BASIS OF WEIGHT

(A) The tare weight of each vehicle used in the transportation of household goods shall be determined by having it weighed prior to the transportation of each shipment, without the crew thereon, by a certified weigh-master and on a certified scale. When so weighed, the gasoline tank on each such vehicle shall be full, and the vehicle shall contain all blankets, pads, chains, dollies, hand trucks, and other equipment needed in the transportation of such shipment.

(B) After the vehicle has been loaded, it shall be weighed, without the crew thereon, prior to delivery of the shipment; and the net weight shall be determined by deducting the tare weight from the loaded weight, except that in instances where no adequate scale is available, the constructive weight, based on seven pounds per cubic foot of properly loaded van space, may be used. The gross weight, tare weight, and net weight, or the constructive weight, shall be shown on the bill of lading.

(C) In the transportation of part loads, this rule shall apply in all respects, except the gross weight of the vehicle containing one or more part loads may be used as the tare weight of such vehicle as to part loads subsequently loaded thereon, and a part load for any one shipper, not exceeding 1,000 pounds, may be

**NORTH CAROLINA UTILITIES COMMISSION
NCUC HHG NO. 1**

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 29 (cont.)

weighed on a certified scale prior to being loaded on a vehicle, such part load to be accompanied by a weight ticket evidencing such weighing.

(D) All tare, gross, actual, or constructive weights shall be properly certified to by the person or persons who ascertained such weights.

(E) The carrier, upon request of shipper, owner, or consignee made prior to delivery of a shipment and when practicable to do so, will reweigh the shipment. The lower of the two net scale weights shall be used for determining the applicable charges. There will be a charge to the shipper if the reweigh results in a net scale weight in excess of the initial net scale weight or if the difference between the initial net scale and the reweigh net scale weight is less than 100 pounds on a shipment weighing 5,000 pounds or two percent or less of the lower net scale weight on shipments in excess of 5,000 pounds.

NOTE: For reweighing charges see Section IV, Item 15 (Reweighing Charge).

RULE 30

COMPLETE ARTICLE

Each shipping piece or package and contents thereof shall constitute one article, except the total component parts of any article taken apart or knocked down for handling or loading in vehicle shall constitute one article for the purpose of determining carrier's liability as provided in Rule 7 (Valuation).

NOTE: When an entire shipment is transported in containers, lift vans, or shipping boxes, each shipping package, piece, or loose item not enclosed within a package in such containers, lift vans, or shipping boxes will constitute the article.

The following examples identify carrier's maximum liability if moving at \$.60 per pound per article.

1. Bed assembly, weight 100 pounds – headboard lost or damaged, weight 50 pounds. Carrier's maximum liability for loss or damage to the headboard would be \$.60 times 100 pounds (weight of total bed assembly) or \$60.00

2. Barrel of dishes, weight 50 pounds – several dishes broken weighing 2 pounds. Carrier's maximum liability for broken dishes within the barrel would be \$.60 times 50 pounds or \$30.00.

3. Carton or package, weight 60 pounds – fishing reel missing, weight 1 pound. Carrier's maximum liability would be \$.60 times 60 pounds or \$36.00.

RULE 31

INSPECTION OF ARTICLES

When a carrier or his agent believes it necessary that the contents of packages be inspected, he shall make or cause such inspection to be made, or require other sufficient evidence to determine the actual character of the property.

RULE 32

PREPARATION FOR SHIPMENT

(A) Unless otherwise provided, articles tendered for transportation must be in such condition and so prepared for shipment as to render the transportation thereof reasonably safe and practicable.

Packing to Be Accomplished by Shipper or Carrier

(B) Articles requiring packing, crating, wrapping, or servicing as provided for in this rule, may be prepared for shipment by the shipper or his agent, or the carrier will perform this service at the request of and for the account of the shipper, as provided in Section IV, Item 1 (*Packing and Unpacking*) and Item 2 (*Overtime Packing and Unpacking*). When performing their own packing (PBO), the shipper and/or his appointed agent, shall cause PBO cartons to be properly identified and marked with the general contents. Carrier shall have the right to open and inspect any PBO carton to verify contents. Carrier will not be liable for damages occurring on PBO cartons, unless specific exterior damages are noted and inspection takes place with the carrier's representative at the time of delivery.

Protection By Carrier

(C) Unless otherwise provided, articles having surfaces liable to damage by scratching, marring, or chafing, but of sufficient strength to allow other articles to be packed against or on top of same in a manner which will make transportation of the entire shipment reasonably safe and practicable if protected by sufficient wrapping, will be wrapped at time of loading in furniture pads, covers, burlaps, or wrappers which are part of the carrier's regular equipment. The cost of this service is included in transportation rates named in tariff.

RULE 32 (cont.)

Musical Instruments

(D) Musical instruments such as harps, guitars, banjos, mandolins, violins, cellos, trombones, drums, or similar instruments which require, for the safe transportation thereof, more protection than afforded by the carrier's regular equipment as provided for in paragraph (C) of this rule, must be packed in the instrument's own case or other adequate container.

Containers Required

(E) Bedding, books, carpets, rugs, china, glassware, pottery, silverware, statuary, clothing, curtains, draperies, kitchen utensils, lamp shades, table lamps, small articles such as tools, athletic and game equipment, and household articles such as clothes lines, poles, umbrellas, canes, irons, ornaments, and other small articles of less than one cubic foot displacement must be packed and tendered to the carrier in barrels, boxes, cartons, wrapped bundles, or wrapped rolls, except that trunks, tubs, pails, baskets, or other containers or articles of furniture of the shipper may be substituted when of sufficient strength so that the use of such containers will render transportation of contents reasonably safe.

Fragile Articles

(F) Fragile articles such as showcases, wall cases, cameos, works of art, scenery, lighting fixtures, linoleums, statuary, marble slabs, mirrors, glass tops, pictures, paintings, models, antiques, and other similar articles which are easily broken or damaged, or articles upholstered or covered with material or fabric of a delicate nature or color, or other articles with delicate finishes which are easily soiled, torn, or damaged, must be fully protected by boxing, crating, or wrapping.

Mechanical Equipment

(G) Equipment and articles such as washing machines, refrigerators, ironers, sewing machines, vacuum cleaners, heaters, ranges, radios, clocks, victrolas, and/or other similar articles, the surfaces of which can usually be protected by carrier's regular equipment as provided for in paragraph (C) of this rule, must have all motors, mechanical parts, and ornaments securely fastened, bolted, or tied in a manner to prevent loss, damage, or impairment of functions.

RULE 32 (cont.)

Secureness of Containers

(H) Unless otherwise provided, articles for which containers are specified must be securely enclosed by the containers so that no ends or other parts protrude and in a manner that will prevent loss of articles from such containers. Any articles that are easily broken or having surface liable to damage by chafing must be protected within the authorized shipping containers by or with liners, partitions, wrappers, excelsior, straw, or other packing materials which will afford adequate protection against breakage or damage.

Carrier Not Obligated To Accept

(I) Tender for shipment of an article not protected by packing, crating, wrapping, or servicing does not obligate the carrier to accept an article so offered for transportation when such protection is reasonably necessary for the safe transportation of the articles.

Machinery and Equipment

The warehouse shall be considered the destination of the shipment; the warehouseman shall be agent for the shipper; and the property shall then be subject to the rules, regulations, and charges of the warehouseman. RULE 48 (cont.)

(D) When, during any one of the 30-day periods within the storage-in-transit period provided herein, the shipper has given notice for final delivery of the shipment on a date fifteen (15) days prior to the expiration of such 30-day period, and the carrier, by no fault of the shipper, fails to provide transportation within such 30-day period, storage-in-transit or storage charges shall not apply beyond such 30-day period unless shipper cancels or rescinds order for final delivery. All other provisions under the tariff will continue in effect until further transportation is made available by the carrier. Until all lawful charges are paid, property will remain in carrier's or agent's warehouse subject to a lien for all such charges.

(E) The transportation charges to apply on shipments stored in transit under this rule and forwarded from warehouse will be (a) the applicable tariff rate from initial point of pickup to warehouse, and (b) the applicable tariff rate from warehouse location, which, for rate application purposes, will be considered a new point of origin, to destination point, viz:

1. When storage-in-transit is accorded at point of origin or destination, the pickup or delivery transportation rate for distances of thirty-five (35) miles or less will be as shown in Section IV, Item 14 (Pickup or Delivery Transportation Rates to Apply on Storage-In-Transit Shipments).
2. When storage-in-transit is accorded at any other point, the pickup or delivery transportation rate for distances beyond thirty-five (35) miles will be as shown in Section III and mileage determined as provided by effective mileage guide.

(F) Shipper or owner, upon proper notice in writing to the carrier before departure of the shipment, may change destination originally shown on the bill of lading. RULE 48 (cont.)

(H) During the storage-in-transit period, shipper may withdraw a portion of the property, provided that all accrued charges on the shipment are paid prior to such withdrawal, except as provided by Rule 11 (Payments). Such portion shall be weighed to determine the weight of the remaining storage-in-transit shipment. When the selection of the items to be withdrawn requires unstacking and/or restacking of the shipment, charges for such handling shall be assessed in accordance with Section IV, Item 4 (Labor Charges). Charges for transportation furnished, if any, for portion selected for delivery shall be assessed on the same basis as would apply to that portion as an individual shipment. With reference to the portion of the shipment which remains in the warehouse, the shipper may elect in writing to terminate the storage-in-transit service and place the remaining property in storage with the warehouseman in possession, in which event the warehouse shall be considered the destination of the shipment. If the shipper elects to have remaining portion remain in storage-in-transit, the following shall be applicable:

1. Storage charges, if any, for the balance of the storage-in-transit period, shall be assessed on the same basis as would apply to that remainder as an individual shipment.

The liability on the part of the carrier will cease when the shipment is unloaded at the warehouse. The shipment will be stored in the name of the owner, shipper, or consignee, subject to a lien for transportation and other lawful charges.

RULE 51

LOST OR DESTROYED SHIPMENTS

No motor carrier transporting household goods, as defined in Commission Rule R2-37, in intrastate commerce shall collect or require a shipper to pay any published freight charges (including accessorial or terminal service) when a shipment is completely or totally lost or destroyed in transit. A carrier shall collect and the shipper would be required to pay any specific valuation charges that may be due. This rule shall not apply to the extent that any such loss or destruction is due to the act or omission of the shipper. FULL VALUE PROTECTION

SERVICE <i>(Full Value Protection – Subject to Rule 7 - Valuation)</i> <i>Applies to Weight/Distance and Hourly Moves</i>	PER	RATES (in dollars/cents)
<i>Coverage is subject to \$4.00 /lb. minimum or a higher value declared by the shipper</i>	\$100	\$0.75

(A) When Full Value Protection is ordered in writing by the customer, carrier will guarantee either replacement of articles lost or damaged while in carrier's custody, reimbursement for full replacement cost (as determined by current market value), or repairs or the cost of repairs to damaged item(s) to the extent necessary to restore the item to the same condition as when received by carrier from the shipper. Actual replacement articles, if any, shall consist of articles of like kind and quality without deduction for depreciation.

(B) Carrier's maximum liability shall not exceed the released or declared value on the shipment or the full cost of repair to the damaged property, whichever is less. Carrier shall have the option of repair or replacement of damaged articles.

(C) All items which are replaced or for which the full current market value has been paid become the property of the carrier.

(D) Full Value Protection will be provided by carrier only if shipment is declared or released to a minimum valuation of \$4.00 for each pound of weight in the shipment.

(E) The rate for Full Value Protection provided by the carrier will be \$.75 for each \$100.00 or fraction thereof, of released or declared value.

EXAMPLE: Shipment valuation is calculated at the value of \$20,335.00. Since \$35.00 is a fraction of \$100.00, the charge would be based on a valuation of \$20, 400.00.

(F) ON SHIPMENTS WHICH ALSO INVOLVE STORAGE-IN-TRANSIT, the following additional valuation charge will apply: For each storage period of 30 days or fraction thereof, the additional valuation rate of 15 percent of the full value protection rate provided for in Item 18.

(G) Protection under this item will not apply to specific articles or matched sets of articles which are valued at \$3,000 or more, unless shipper puts carrier on notice in writing that such articles are included in the shipment.

NOTE: See Rule 7 (Valuation).

ITEM 20 (cont.)

NOTE 1: **Inside** elevator and stair carry charges will not apply when pickup or delivery is within a single family dwelling. **Outside a single family dwelling, stair carry charges will apply if the stairs are the only way to get in or out of the single family dwelling. (Effective 11-27-19)**

NOTE 2: Charges will be based on actual weight of the shipment, except as follows:

NOTE 3: When two or more elevators providing parallel service are utilized, charges will apply per shipment, not per elevator.

NOTE 4: Where an elevator is used and the shipment must be transferred to a second elevator or carried one or more flights, charges will be made once for the first elevator and again for each additional elevator or stair carry service.

NOTE 7: Outside a building, or **dwelling**, the first flight shall consist of 8 but not more than 20 steps. Steps less than 8 will not be considered a flight. **In a single family dwelling, if pick-up or delivery requires outside stairs, the outside stair carry charge will apply. (Effective 11-27-19)**

NOTE 8: When a piano or organ is included in the shipment, the minimum stair carry charges on the entire shipment, inside or outside a building, shall be \$19.15 for the first flight and \$9.65 for each additional flight. The minimum elevator charge shall be \$19.15. The minimum charge will apply each time the service is performed at origin and/or destination.

(a) The entrance or door of a detached or single family dwelling, or

(b) The applicable individual apartment within a multiple occupancy building.

NOTE 10: When a piano and/or organ is included in a shipment, the handling charge for pianos and organs provided in Item 10 (Piano, Organ, etc.) will be in addition to the applicable charges in this item. The flight carry charges in Item 10 will not apply when this item is applicable.

ADDENDUM TO UNIFORM HOUSEHOLD GOODS BILL OF LADING

SHIPPER DECLARATION OF VALUE

IMPORTANT: There are two (2) options available to cover loss and/or damages:

OPTION 1: Basic Value Protection. This lower level of value protection is provided at no additional cost. However, it only provides minimal protection that is considerably less than the average value of household goods. The carrier's maximum liability shall be \$.60 per pound for the actual weight on any lost or damaged article or articles, if the shipment has been expressly released by the shipper to such value per article. Under this option, a claim for any article that may be lost, destroyed or damaged while in the custody of your mover will be settled based on the weight of the individual article multiplied by 60 cents. For example, damages to an item weighing 400 pounds would result in a maximum claim settlement of \$240. Basic Value Protection provides minimal protection, and it is possible that settlement of any claim under this level of valuation will not be satisfactory to you. (MRT Section I, Rule 7, Valuation).

OPTION 2: Full Value Protection. The minimum value of the shipment will be \$4.00 times the weight of the shipment. However, you have the right to declare that your shipment has a greater value and pay for that increased protection. If items are lost, the mover will have the options of replacing them with articles of like kind and quality or paying the replacement costs as determined by current market value. If items are damaged, the mover will have the same options, plus the additional options of repairing the items or paying the repair cost. All damaged items that are either replaced or reimbursed at full-market value become the property of the mover. Under this option, for example, if the total weight of your shipment is 8,000 pounds, then the total value of your entire shipment is established to be \$32,000 and the charge for that level of protection would be \$240. If you determine that your shipment has a value greater than the \$50,000 minimum amount of insurance coverage that the Commission requires movers to have, you may want to request written verification of additional coverage from your mover to ensure your shipment will be adequately covered. (MRT Section IV, Item 18, Full Value Protection).

**** DECLARATION ****

Prior to the move, the shipper must select one of the options listed below. If the carrier fails to require the shipper to choose one of the liability options, the shipper will be considered to have chosen Option 1 (Basic Value Protection).

Shipper hereby releases the entire shipment to a value not exceeding:

_____ Option 1 – Basic Value Protection -\$.60 per pound per article.

Signature of Shipper and Date

_____ Option 2 - Full Value Protection - \$4.00 times the actual weight in pounds of shipment or a declared lump sum value of \$_____.

Signature of Shipper and Date

This document shall be completed and signed **PRIOR TO MOVE** and made a permanent part of the Bill of Lading.

CONTRACT TERMS AND CONDITIONS OF UNIFORM HOUSEHOLD GOODS BILL OF LADING

This contract is subject to all the rules, regulations, rates, and charges in Maximum Rate Tariff No. 1 on file with the North Carolina Utilities Commission including, but not limited to, the following terms and conditions:

SECTION 1. The carrier shall be liable for physical loss of or damage to any articles from external cause while being carried or held in storage-in-transit EXCEPT loss, damage, or delay caused by or resulting:

- (a) From an act, omission, or order of shipper;
- (b) From defect or inherent vice of the article, including susceptibility to damage because of atmospheric conditions such as temperature and humidity or changes therein;
- (c) From (1) hostile or warlike action in time of peace or war, including action in hindering combating or defending against an actual, impending, or expected attack: (A) by any government or sovereign power or by any authority maintaining or using military, naval, or air forces; or (B) by military, naval, or air forces; or (C) by an agent of any government, power, authority, or forces; (2) any weapon of war employing atomic fission or radioactive force whether in time of peace or war; (3) insurrection, rebellion, revolution, civil war, usurped power, or action taken by governmental authority in hindering, combating, or defending against such an occurrence, (4) seizure or destruction under quarantine or customs regulations, (5) confiscation by order of any government or public authority; or (6) risks of contraband or illegal transportation or trade;
- (d) From strikes, lockouts, labor disturbances, riots, civil commotions, or the acts of any person or persons taking part in any such occurrence or disorder; and
- (e) From Acts of God.

SUBJECT, in addition to the foregoing, the following limitations apply on the carrier's liability:

The carrier's maximum liability shall be one of the following:

- (1) The actual loss or damage not exceeding \$.60 per pound of the weight of any lost or damaged article when the shipper has released the shipment to carrier, in writing, with liability limited to \$.60 per pound per article; or
- (2) Replacement value of the lost or damaged item beyond repair provided that shipper elects such valuation coverage and agrees to pay applicable rates or the option of satisfactory repairs.

FURTHER, a shipper's failure to notify the carrier in writing that an article or articles having a value that exceeds \$100 per pound will be included in the shipment will restrict the carrier's maximum liability to \$100 per pound for each pound of any lost or damaged article (based on actual article weight), not to exceed the declared value of the entire shipment.

SECTION 2. The carrier shall not be liable for delay caused by highway obstruction, or faulty or impassable highways, or lack of capacity of any highway, bridge, or ferry, or caused by breakdown or mechanical defect of vehicles or equipment, or from any cause other than negligence of the carrier; nor shall the carrier be bound to transport by any particular schedule, means, vehicle, or otherwise than with reasonable dispatch. Every carrier shall have the right in case of physical necessity to forward said property by any carrier or route between the point of shipment and the point of destination.

SECTION 3. Shipper's or consignor's and/or consignee's liability shall include the following:

- (a) The shipper (individual or commercial) and consignor upon tender of the shipment to carrier, and the consignee, upon the acceptance of delivery of shipment from carrier, shall be liable, jointly and severally, for all unpaid charges payable on account of a shipment in accordance with the applicable tariffs including, but not limited to sums advanced or disbursed by a carrier on account of such shipment. The extension of credit to either shipper or consignee for such unpaid charges shall not thereby discharge the obligation of either party to pay such charges in the event the party to whom credit has been extended shall fail to pay such charges.

(b) Shipper and/or consignor acknowledge that no explosives and/or dangerous articles or goods shall be contained in shipment. However, shipper and/or consignee shall indemnify carrier against any loss or damage caused by the negligent or intentional inclusion of explosives or dangerous goods therein.

SECTION 4. If for any reason other than the fault of carrier, delivery cannot be made at address shown on the face hereof, or at any changed address of which carrier has been notified, carrier, at its option, may cause articles contained in shipment to be stored in a warehouse selected by it at the point of delivery or at other available points, and were held without liability on the part of the carrier, at the cost of the owner, and subject to a lien for all accrued tariff and other lawful charges.

SECTION 5. If shipment is refused by consignee at destination, or if shipper, consignee, or owner of property fails to receive or claim it within fifteen (15) days after written notice of United States mail addressed to shipper and consignee at post office addresses shown on face hereof, or if shipper fails or refuses to pay lawfully applicable charges in accordance with carrier's applicable tariff, carrier may sell the property at its option, either (a) upon notice in the manner authorized by law, or (b) at public auction to highest bidder for cash at a public sale to be held at a time and place named by carrier, thirty (30) days notice of which sale shall have been given in writing to shipper and consignee, and there shall have been published at least once a week for two consecutive weeks in a newspaper of general circulation at or near the place of sale, a notice thereof containing a description of the property as described in the bill of lading, and the names of the consignor and consignee. The proceeds of any sale shall be applied toward payment of lawful charges applicable to shipment and toward expenses of notice, advertising, and sale, and of storing caring for, and maintaining property prior to sale, and the balance, if any, shall be paid to owner of property; PROVIDED that any perishable articles contained in said shipment may be sold at public or private sale without such notices if, in the opinion of carrier, such action is necessary to prevent deterioration or further deterioration.

SECTION 6. As a condition precedent to recovery, a claim for any loss or damage, injury, or delay, must be filed in writing with carrier within nine (9) months after delivery to consignee as shown on face hereof, or in case of failure to make delivery, then within nine (9) months after a reasonable time for delivery has elapsed; and suit must be instituted against carrier within two (2) years and one (1) day from the date when notice in writing is given by carrier to the claimant that carrier has disallowed the claim or any part or parts thereof specified in the notice. Where a claim is not filed or suit is not instituted thereon in accordance with the foregoing provisions, carrier shall not be liable and such a claim will not be paid.

I. INTRODUCTION

If you pay someone to perform a move in North Carolina, whether the move is across town or across the state, the move is probably regulated by the North Carolina Utilities Commission (Commission). Intrastate household goods movers operating in North Carolina must have a certificate (“C” number) issued by the Commission. Such certificated movers are required to have insurance, to meet other consumer protection requirements, and to comply with the provisions of the Maximum Rate Tariff (MRT). [Note: Interstate and international shipments, government and military moves, commercial moves (offices and equipment), and new furniture/retail deliveries are not under the Commission’s jurisdiction.]

The Commission issued the MRT to establish the maximum rates movers may charge their customers for the services they render. The tariff also provides the forms which must be used and the information which must be given to each customer, as well as the rules and regulations governing these moves. The MRT is available on the Commission’s website at [NC MRT](#). If you have difficulty accessing the MRT online, you may contact the Commission (919-733-4036) or Public Staff (919-733-7766) to discuss the MRT provisions.

Movers, if authorized, may use electronic bill of lading. If the electronic bill of lading is selected by the shipper, they should receive the final bill by email, and if there is a discrepancy between the emailed bill of lading and the actual charges, the shipper should contact the mover. The shipper does reserve the right to opt out of electronic bill of lading and use the Commission-approved paper bill of lading instead.

BE SMART! HIRE A COMMISSION-CERTIFICATED MOVER. Minimize the risk of moving-day delays, damages, inflated charges, or loss of your possessions by hiring a legal (certificated) mover. A list of legal movers in North Carolina is available on the Commission’s website at [CERTIFIED CARRIERS](#). The list is updated monthly. Subsequently cancelled or suspended certificates, as well as newly-issued certificates, will not be reflected in the list until the next update. If you have difficulty accessing the list online or want to check a mover’s current status, you may contact the Commission (919-733-4036) or the Public Staff (919-733-7766).

The Commission requires movers to carry a minimum amount of \$50,000 for general liability insurance and a minimum amount of \$50,000 for cargo insurance. If you believe that your shipment has a value greater than the \$50,000 minimum amount of insurance coverage required by the Commission, you may want to request written verification of additional coverage from your mover to ensure your shipment will be adequately covered.

The Maximum Rate Tariff establishes “maximum” rates a mover can charge; however, you and the mover are allowed to negotiate moving rates that are lower than the established maximum rates.

Sometimes customers encounter movers who do not have a certificate from the Commission. Such uncertificated movers may not realize that intrastate household goods moving is a regulated activity. Please let us know if you encounter someone offering intrastate household goods moving services who is not on the Commission’s list: 919-733-7766.

II. HOW MOVERS CHARGE FOR MOVES WITHIN NC

MOVES OF 35 MILES OR LESS (HOURLY RATES): Moves of 35 miles or less are billed at hourly rates based upon the number of workers/vans and the time it takes to perform the move. The regulations define the maximum rates that movers may charge which allows movers and their customers to negotiate the rates to be used. The “clock” starts when the mover arrives at your home, and it stops when all the services at the destination have been completed. A charge may be assessed for traveling to your current home and from your new home. Time will be rounded up to the nearest quarter hour.

MOVES OF 36 MILES OR MORE (WEIGHT/DISTANCE RATES): Moves greater than 35 miles are billed based on the weight of the shipment and the distance between origin and destination. That distance is calculated using the current, official map issued by the NC Department of Transportation or, in some instances, special Commission-approved mileage software. Any other online mapping services or odometer readings may not be used by movers for determining distance, although they may be used for directions.

The regulations define the maximum rates that movers may charge which allows movers and their customers to negotiate the rates to be used up to the maximum. The mover will weigh the vehicle prior to loading your household goods (tare weight) with a full gas tank and all the supplies to be used for your move. After the vehicle has been loaded, the mover will weigh the truck again (gross weight). The weight of the shipment (net weight) is determined by subtracting the tare weight from the gross weight. All weights will be shown on the Bill of Lading. However, if no adequate scale is available, a “constructive weight” (7 pounds per cubic foot of properly loaded van space) may be used to determine the weight of your shipment.

If it seems necessary, you may request that your shipment be reweighed prior to delivery. Reweighing will be done only where it is practical to do so. An additional charge may be assessed for reweighing if the difference between the two net weights is less than 100 pounds on a shipment weighing less than 5,000 pounds or is less than 2% of the lower net weight on a shipment weighing more than 5,000 pounds. The lower of the two net weights will be used in determining your charges.

EXTRA SERVICES: Movers typically perform services other than simply transporting your possessions. The following are examples of services which may add to the cost of the move:

Packing/unpacking;

Disconnecting/reconnecting appliances (washer, dryer, icemaker, etc.);

Loading or unloading bulky articles (motorcycles, sheds, cars, hot tubs, pianos, pool tables, freezers, etc.);

Shuttle services between the truck and the residence, when needed;

Carrying items long distances;

Using stairs or elevators in some circumstances;

Going into hard to reach spaces (attics, basements, etc.); and

Transporting boats and their trailers.

All charges may apply to weight/distance moves; some may apply to hourly moves. Movers may also hire a third party to perform certain services, and those charges will be added to the cost of the move. **REMEMBER TO BE ON TIME OR YOU MAY PAY ADDITIONAL CHARGES.**

EXPEDITED DELIVERY SERVICE: Most customers expect delivery within the next day or so after their goods are loaded. However, sometimes movers cannot deliver that quickly, particularly on smaller loads. If you request it, delivery can occur on or before a specific day. This earlier-than-normal delivery is called “expedited service” and is subject to the availability of the trucks. The rates that apply will be higher than you would normally pay and are based upon the number of miles involved in your move and the weight of your goods. If you agree to pay the extra charges for expedited service, you must sign at a certain section on the Bill of Lading acknowledging that you understand the shipment is moving under the provisions of expedited service which is more expensive than standard delivery service.

III. HOW MOVERS GIVE COST ESTIMATES OR QUOTES

PHONE QUOTES: When you call a mover, he/she may give you a quote over the phone. Movers vary in their ability to provide good phone quotes. Some are better at it than others. As with any type of quote, the more accurate the information you provide to the mover, the more accurate quote you are likely to get.

INTERNET QUOTES: BE CAREFUL! The Internet is a valuable tool for investigating movers and comparing average moving costs. However, you should not commit to using a mover found this way without acquiring a lot more information. For example, you need to know where the mover is physically located, in case you later discover loss or damages and are unsuccessful in reaching the mover by telephone. Also, the website may actually be for a moving services broker, who arranges for a moving company to perform the move. As a result, somebody you have never heard of or researched, such as an uncertificated mover, may show up in a rental truck with a crew having a questionable reputation and an unprofessional attitude.

Additionally, you may want to include MovingScam.com in your research of moving companies. That website (www.movingscam.com) specializes in warning customers about moving companies. To verify that a mover is properly certificated to perform intrastate moves in NC, you can check the Commission website at [CERTIFIED CARRIERS](#) or call its offices (919-733-4036) or those of the Public Staff (919-733-7766). PLEASE PROCEED CAUTIOUSLY WHEN BOOKING A MOVE OVER THE INTERNET.

GETTING A WRITTEN ESTIMATE: If you request it, a mover is required to give you a free written estimate on a Commission-approved form. Most movers will not provide a written estimate unless they see the items to be moved. Make sure you understand how the estimate is calculated. It is a good idea to get written estimates from several moving companies and compare them to make your selection. Be sure to give all of them the same information. After the estimate is provided, you might want to ask for suggestions on how you could reduce the costs. The estimator can usually offer some helpful hints. A mover is not required to provide a written estimate if you request the estimate less than five business days prior to the move or if the total weight of the move is less than 500 pounds.

ADDENDUM TO A WRITTEN ESTIMATE: Sometimes circumstances change after a written estimate has been given. For example, you agree to sell all the furniture in your second bedroom to a neighbor rather than move it, or the friend who planned to buy your hot tub changed his mind and you now need to move it. If these types of changes occur when you have a written estimate, an Addendum to the Estimated Cost of Services (Addendum) form needs to be completed to retain the integrity of the written estimate. If you request services not covered by the written

estimate and you do not sign the Addendum, the carrier may refuse to perform the requested services.

IV. THREE TYPES OF WRITTEN ESTIMATES

Non-Binding: A nonbinding written estimate shows the approximate charges for the services to be provided. At the time of delivery, the mover will expect payment for the actual charges. If the actual charges are greater than 110% of the charges shown on the written estimate plus any addendum to that written estimate, you may request to pay 110% of the charges at the time of delivery and the balance within 30 days. Payments received after 30 days may be subject to a finance charge of 1% per month. Of course, you can pay for the move in full at the time of delivery.

Binding Guaranteed: A binding guaranteed written estimate is fully binding on both you and the mover. If any additional services are performed by the mover at your request, which are not covered in the written estimate, additional charges may apply and you will be expected to sign an Addendum to the written estimate acknowledging such changes. At the time of delivery, the mover will expect payment of the written estimate, plus any charges for additional services. If services covered in the written estimate are no longer required, a properly completed Addendum will acknowledge the removal of the charges for those services from the written estimate.

Binding Not-to-Exceed: A binding not-to-exceed written estimate is a guaranteed maximum charge for the move as long as you do not request additional services. After the move has been completed, all charges will be calculated. At the time of delivery, if the actual charges are less than the written estimate, you will pay the actual charges; if the actual charges are greater than the written estimate, you will pay the written estimate. However, if any additional services are performed by the mover at your request, which are not covered in the written estimate, additional charges may apply and you will be expected to sign an Addendum to the written estimate acknowledging such changes.

V. HOW TO PAY FOR THE MOVE

PAYMENT IS EXPECTED AT TIME OF DELIVERY: Most movers only accept cash, certified check, money order, or travelers check for payment at the time of delivery; they might not accept a personal check. Many movers do not have the ability to process credit or debit cards. Prior to your move, make sure you understand the form of payment which will be acceptable to your mover.

VI. STORAGE OPTIONS

STORAGE-IN-TRANSIT (180 days or less): Short-term storage for a period not to exceed 180 days is called "storage-in-transit" (SIT) and, if requested, it may be performed for an additional charge. However, not all movers offer this service. For SIT, the rates, rules, and regulations of the Commission apply. SIT rates are based upon the weight of the shipment and not by the number of containers. Usually, the mover will require payment of the charges already incurred plus the first month's storage at the time of delivery into storage. Charges are calculated on 30-day increments and may be prorated. Sometimes customers cannot take delivery of their possessions within a 180-day period. If that happens, the shipment changes from "storage-in-transit" to "permanent storage." ***BE SURE YOU KNOW THE LOCATION OF THE WAREHOUSE***

WHERE YOUR GOODS ARE STORED. ALSO, YOU MAY WANT TO REQUEST WRITTEN VERIFICATION THAT THE MOVER HAS ADEQUATE INSURANCE COVERAGE WHILE YOUR SHIPMENT IS IN STORAGE.

PERMANENT STORAGE (More than 180 days): Permanent storage is storage for more than 180 days, and the storage charges are not under the Commission's jurisdiction. Sometimes the customer knows in advance that storage is needed for longer than 180 days and will contract for permanent storage. Under such circumstances, the shipment is considered "delivered" when it arrives at the storage facility which is its destination. The transport of such shipment in and out of permanent storage is conducted under separate moving contracts subject to the rates, rules, and regulations of the Commission if the move is intrastate. **BE SURE YOU KNOW THE LOCATION OF THE WAREHOUSE WHERE YOUR GOODS ARE STORED.**

CUSTOMER-CONTROLLED STORAGE: Sometimes customers want their possessions to be delivered to a self-storage facility which will be under the customer's control. If you need such storage, please understand that the mover's liability ends once the items are in the storage unit. Therefore, you should be present at the time of delivery to check for damage to your items **BEFORE** they are deposited into the unit. Damages discovered after the moving crew leaves can be denied. You should also be present at the delivery to provide substitute padding or other protection for your furniture, unboxed items, etc. while they are in storage. The mover transported your items using the mover's pads; the crew will remove and take those pads with them when they leave. Of course, the rates you pay for this type of storage are not under the Commission's jurisdiction.

VII. TWO TYPES OF VALUATION

Customers will often ask movers, "What kind of insurance do you have in case something is lost or damaged?" **While the Commission requires movers to carry a minimum of \$50,000 for general liability insurance and a minimum of \$50,000 for cargo insurance,** the settlement of your claim is defined by the valuation you select. Valuation establishes the total value of your shipment in case of catastrophic loss and also governs how the mover will resolve your claim for loss of or damage to individual items. The type of valuation will cover the entire shipment; you cannot select one type for part of the shipment and another one for select pieces. **Therefore, if the amount of protection you desire exceeds the \$50,000 minimum amount required by the Commission, you may want to request written verification of additional coverage from your mover to ensure that your shipment will be adequately covered.** You must explicitly indicate your choice in two places: on the Bill of Lading and on the Addendum to the Bill of Lading (making sure that they both show the same choice). **If the shipper fails to select one of the liability options available, the shipment will be considered released at a value of \$.60 per pound per article (basic value protection).**

As discussed below, there are **two** types of valuation available for both weight/distance and hourly-rated moves. However, hourly-rated shipments are not weighed. Therefore, if you decide to purchase full value protection for an hourly-rated move, the mover will estimate the weight of your shipment to calculate its value.

REMEMBER: You must select your level of valuation before the move begins. Once it starts, the selection cannot be changed. Also, be sure to provide the mover with a list of items you believe to be of extraordinary value (see Articles of Extraordinary Value). While preparing that list, customers sometimes realize that they have undervalued their shipment by simply accepting the minimum required. If everything on the truck is destroyed, are you prepared to accept a check for

the value of the shipment shown on the estimate? If not, talk to someone about declaring an increased amount (and paying a higher fee).

Basic Value Protection - No Charge: *This lower level of value protection is provided at no additional cost. However, it only provides minimal protection that is considerably less than the average value of household goods.* The mover's maximum liability will be 60¢ per pound based upon the weight of any lost or damaged items, regardless of its actual value. For example, damage to your refrigerator weighing 400 pounds would result in a maximum claim settlement of \$240. Basic Value Protection provides minimal protection, and it is possible that settlement of any claim under this level of valuation will not be satisfactory to you. Under this type of valuation, for example, if the total weight of your shipment is 8,000 pounds, then the total value of your entire shipment is established to be \$4,800.

Full Value Protection - 75¢ per \$100 of Value: The minimum value of the shipment will be \$4.00 times the weight of the shipment. However, you have the right to declare that your shipment has a greater value and pay for that increased protection. If items are lost, the mover will have the options of replacing them with articles of like kind and quality or paying the replacement cost as determined by current market value. If items are damaged, the mover will have the same options, plus the additional options of repairing the items or paying the repair cost. All damaged items that are either replaced or reimbursed at full-market value become the property of the mover. Under this type of valuation, for example, if the total weight of your shipment is 8,000 pounds, then the total value of your entire shipment is established to be \$32,000 and the charge for that level of protection would be \$240. However, if you decided that your shipment has a greater value, maybe \$45,000 rather than the calculated minimum of \$32,000, you could establish that your shipment value is \$45,000 and the charge for that level of protection would be \$337.50.

VIII. ARTICLES OF EXTRAORDINARY VALUE

Items of extraordinary value are defined as those having a value greater than \$100 per pound. Such items, e.g., crystal, fur garments, antiques, etc., should be specifically listed in writing for the mover and signed for on the Bill of Lading. If not listed, the mover's liability could be limited to \$100 per pound per article (based upon the actual article weight) regardless of the valuation you selected. For example, a claim for a broken \$500 collectible weighing one pound could be covered for only \$100. However, if such collectible item is claimed on the inventory list as an item of extraordinary value at \$500, the mover's liability may be up to \$500 if you selected Full Value Protection. But remember, even if you declare items of extraordinary value, the total value of your entire shipment is still no more than the total value that is established under the type and total amount of valuation protection you select. Keep a copy for your records of the inventory list you provide to your mover. It is highly recommended that you transport certain valuable items yourself, such as jewelry, stamp and coin collections, cash, guns, legal and medical documents, tax records, genealogy research, and other such irreplaceable items.

IX. PARTICLE BOARD FURNITURE

North Carolina is one of only four states in the nation that acknowledges the unique characteristics of ready-to-assemble furniture made from press board, particle board, or other similar engineered materials. These items are shipped unassembled from the manufacturer for assembly by the customer or the retail store. Most of this furniture is not designed with the extra structural pieces to adequately brace the unit for movement out of or into a residence and may not withstand the normal truck vibration. Assembly instructions frequently suggest that the connecting pieces (often using dowels) be glued in place. While the gluing does not significantly improve the structural

integrity of the piece, it makes disassembly impossible without creating substantial, irreparable damage. You need to be aware that the mover's maximum liability on such furniture is 60¢ per pound per article or \$50 per article, whichever is greater, regardless of the type of valuation you select.

X. PACKING DAY

You should accompany the crew leader on a visual inspection of your home and provide any special instructions. Point out items not to be packed, items valued over \$100 per pound (see Articles of Extraordinary Value), fragile items, items that need to arrive first, and items that need servicing (such as washers and dryers).

You may choose to pack some or all boxes yourself. However, movers are not liable for any damages to items you pack unless there is external damage to the box and an inspection is done at delivery. If a box you pack is lost and listed on an inventory sheet, the mover may be liable. You will be charged for packing materials used or provided by the mover.

Once packing is completed, you and the crew leader should conduct another visual inspection of your home to make sure all required items have been packed. Check closets, attics, basements, cabinets, detached buildings, and other areas of the property to ensure that nothing has been missed. Make sure all boxes are properly marked with room placement and general contents to help inform the crew where the boxes should be delivered within your new residence.

XI. LOADING DAY

Either you or your representative should be present at the time of loading and unloading. The mover might perform a detailed inventory of some or all items. If so, review the inventory sheets to make sure you agree with the mover's assessment of the condition of your items.

Once loading has been completed, you and the driver should walk through the house to make sure all items are on the truck. Check closets, attics, basements, cabinets, detached buildings, and other areas of the property to ensure that nothing has been missed.

You are responsible for preparing your appliances for shipment. Alternatively, your appliances may be serviced (disconnected and prepared for shipment) by a third-party company or the moving company for a further charge. Furniture pads, covers, and other standard protective materials which are part of the mover's regular equipment are included in the transportation rates.

MAKE SURE YOUR MOVER HAS YOUR CORRECT DESTINATION ADDRESS, DETAILED DIRECTIONS TO FIND YOUR NEW RESIDENCE, AND CONTACT INFORMATION INCLUDING COMPLETE NAMES AND PHONE NUMBERS.

XII. DELIVERY DAY

You should walk through the new residence with the driver to determine the best way to unload and place your possessions. The crew will assemble all items that they disassembled at origin. They will not assemble items disassembled by others. Appliances will be serviced by the same party that serviced them at origin. Remember, servicing appliances may result in additional charges.

You may request that boxes packed by the mover be unpacked at delivery at no additional charge. If you want the crew to unpack, be sure to let the mover know before moving day, so the scheduler can allow enough time for that service. The crew does not put items in cabinets, drawers, etc., although they will hang clothes in closets. The packing materials will be removed from the premises on the delivery day. If the crew has to return another day to unpack and/or remove the packing materials, an additional charge may apply.

After the delivery is completed, you should walk through the rooms with the driver to conduct a final inspection. **IF YOU DISCOVER DAMAGES, DO NOT DISPOSE OF ANY DAMAGED ITEMS OR THE PACKING MATERIALS USED FOR THOSE ITEMS SINCE THEY WILL BE NEEDED FOR PROOF OF DAMAGE.**

Make sure the Bill of Lading is properly completed showing a detailed list of all services and charges. Once you agree with all the services and charges listed on the Bill of Lading, sign all required paperwork. **DO NOT SIGN ANY BLANK FORMS.** You may note on the Bill of Lading or the inventory sheet any damages discovered; however, a damage claim form is still required. Be sure to get a copy of the Bill of Lading, the Addendum to the Bill of Lading, and the inventory (if one was performed).

XIII. LOSS OR DAMAGE

If you have lost or damaged items, contact your mover for a claim form. Claims will not be processed until you pay for the move in full. **CLAIMS SHOULD BE FILED WITH THE MOVER AS SOON AS POSSIBLE, BUT NO LATER THAN NINE MONTHS AFTER DELIVERY. DO NOT DISPOSE OF ANY DAMAGED ITEMS OR THE PACKING MATERIALS USED FOR THOSE ITEMS SINCE THEY WILL BE NEEDED FOR PROOF OF DAMAGE.**

On the claim form, list all damaged and lost items, including the age, original cost, and weight as well as a description of the damage. The mover may request estimates or may send a third party to assess the damages.

All claims will be settled based upon the type of valuation you selected on the Bill of Lading and the Addendum to the Bill of Lading (see Valuation section above). If you are unable to resolve your claim with the mover, the Public Staff's Transportation Rates Division (919-733-7766) is available to assist you. If the mover denies liability for all or part of your claim, you may seek legal action against the mover. However, such action must be taken within two years and one day from the date when written notice was given by the mover to you that your claim has been denied. Items believed to be stolen should be reported to the proper law enforcement authorities immediately.
