Matters so presented will be taken up by the Commission or Public Staff with the parties affected, by correspondence, or otherwise, in an endeavor to bring about an adjustment of the subject matter of the complaint without a formal order or hearing.
   (b) The filing of an informal complaint is without prejudice to the right to thereafter file a formal complaint.
   (c) An informal complaint will not be docketed for formal hearing and no formal order will be issued thereon, but matters thus presented may be transferred by the Commission to the Formal Docket for formal action by the Commission, in which case the complainant will be required to file a formal complaint.

(2) By Formal Proceedings. — Matters which require the taking of testimony, a formal hearing and a formal order must be instituted by filing with the Commission a formal application, petition, or complaint, as provided by Rule R1-5.

(3) By the Commission. — The Commission may institute proceedings upon its own motion, in which case the procedure shall be substantially as follows:
   (a) Allegations. — Any rule to show cause, complaint, order of investigation, or other proceeding instituted by the Commission upon its own motion against any particular person or persons shall set out the grounds therefor with such clarity as to inform the respondent or respondents therein named of the issue involved and the particular information or action required by the Commission.    (b) Answers. — Formal written answers or other pleadings need not be filed by respondents in such cases unless so directed by the Commission.
   (c) Procedure at hearing. — In proceedings instituted by the Commission, evidence will ordinarily be offered in the following order:

(9) In the case of the sale of securities through private placement or the entering into an agreement for the sale and lease-back of assets or any other financing transaction for which the effective date of the consummation and/or implementation of the transaction is expected to take place as much as three months after the negotiation of the interest cost or other financing cost of the transaction is determined, that the utilities shall file with the Commission for approval of the proposed transaction as soon as the rates of interest and/or other financing costs are tentatively agreed on. All the other requirements under R1-16 are applicable to this particular type transaction and are to be included in the filing with a special emphasis on supporting the basis for the proposed rates of interest and financing the cost for which approval is sought.

(b) Contents of Filing or Application. — The filing or application shall clearly set out the reasons or conditions which, in the opinion of the applicant, warrant an increase in applicant's rates, fares, or charges, whether such increase is to be brought about by a change in rate schedules, by a change in any classification, contract, practice, rule, regulation, or otherwise, and said application shall contain, among other things, the following data, either embodied in the application or attached thereto as exhibits:

1. Present Charges. — A statement (not necessarily in tariff form) showing the rates, fares, tolls, or other charges presently in effect which the applicant seeks to increase.

In case such property consists of plants or facilities which have been devoted to the public use by some other person, municipality, or utility, and subsequently purchased by the applicant, the purchase price of such plants or facilities must be shown, and also the original cost and accrued depreciation at the time of purchase must be shown, if known.

4. Present Fair Value. — If applicant intends to offer proof as to the present fair value of its property, the application shall state the nature of such proof in such form and detail as to disclose fully the method used in obtaining such proof and the accuracy thereof. In the preparation of such data, it is recommended that the various property accounts be identified by the account numbers used in the Uniform System of Accounts.

5. Depreciation. — The application shall show the accrued depreciation on said property as shown on applicant's books and the rate or method used in computing the amount charged to depreciation.
(6) Material and Supplies. — A statement showing the cost of material and supplies which the applicant had on hand on the closing date of the twelve months' period referred to in (8) below. If the amount on hand is more or less than reasonably necessary for efficient and economical operation of the business, an explanation should be made.

(7) Cash Working Capital. — A statement showing the amount of cash working capital which the petitioner keeps on hand and finds necessary to keep on hand for the efficient, economical operation of the business.

(8) Operating Experience. — A statement covering the last twelve consecutive months for which data are available, showing

d. The rate of return which the applicant estimates it will receive on the value of its property after giving effect to the proposed increase in rates.

e. This statement is to include the total capital structure of the utility before and after the proposed increase. Ratios for each component of the capital structure are to be shown with the common stockholders' equity capital and the net income used in the rate of return on the common equity calculation clearly identifiable.

f. Every general rate application shall contain a one-page Summary of all proposed increases and changes affecting customers and such Summary shall appear as Appendix 1.

g. Rescinded by NCUC Docket No. M-100, Sub 82, 4/27/81.

(10) Balance Sheet. — The application shall include a balance sheet and income statement for a recent representative period.

(11) Working Papers to Be Available. — Supporting data and working papers underlying the above exhibits shall be made available promptly upon request in the offices of the Commission or Public Staff in Raleigh or in an office of the public utility in North Carolina designated by the Commission, for examination by all interested parties.

Repealed.

In the event any affected utility wishes to rely on G.S. 62-133 (c) and offer evidence on actual changes based on circumstances and events occurring up to the time the hearing is closed, such utility should file with any general rate application detailed estimates of any such data and such estimates should be expressly identified and presented in the context of the filed test year data and, if possible, in the context of a twelve (12) month period of time ending the last day of the month nearest and following 120 days from the date of the application. Said period of time should contain the necessary normalizations and annualizations of all revenues, expenses and rate base items necessary for the Commission to properly investigate the impact of any individual circumstance or event occurring after the test period cited by the applicant in support of its application. Any estimate made shall be filed in sufficient detail for review by the Commission.

(c) Supplemental Data. — The Commission shall consider such relevant, material, and competent evidence as may be offered by any party to the proceeding tending to show actual changes in costs, revenues, or the cost of the public utility's property used and useful, or to be used and useful within a reasonable time after the test period, in providing the service rendered to the public within this State, including its construction work in progress, which is based upon circumstances and events occurring up to the time the hearing is closed.

Information relating to the change(s) referred to above relied upon by the applicant shall be filed with the Commission ten (10) working days prior to the date that the testimony of the Public Staff and other intervenors is due to be filed to the extent said change(s) are known by the applicant at that time.

To the extent that additional information becomes available subsequent to ten (10) working days prior to the filing of testimony by the Public Staff and other intervenors, such information which will be offered to support change(s) shall be
made available to the Commission and other parties as soon as practicable. Under such circumstances the Public Staff and other intervenors shall have the right to address said evidence through additional direct testimony, such option to be exercised at the discretion of the Public Staff and other intervenors.

(d) Notice of General Rate Application and Hearing. — Within thirty (30) days from the filing of any general rate case application by any electric, telephone, or natural gas utility, such utility should provide public notice to its customers in newspapers having general circulation in its service area as follows:

(Public Utility) filed a general rate application with the North Carolina Utilities Commission on (date) requesting an increase in additional annual revenues of approximately (Amount of proposed increase in dollars). The Utilities Commission will set a public hearing on the rate application within six months from the date of filing and will require detailed Notice to the Public regarding the proposed rates in advance of the Hearing.

The Commission will thereafter prescribe the form of Notice to the Public in the Order scheduling the Hearing.

(e) Parties. — To the end that those affected by any proposed increase in rates or charges may have every opportunity to be heard, such persons may become parties to such proceedings as provided by Rule R1-6, or as provided by Rule R1-19, or without filing formal pleading by entering their appearances of record at the time the cause is called for hearing, as provided by Rule R1-23, but matters settled at prehearing conferences or by stipulations of parties, as provided in G.S. 62-69 will not ordinarily be set aside or changed at the instance of those not parties of record at the time.

(f) Denial of Filing or Application for Failure to Include Material Contents.

(1) The Commission on its own motion or at the request of the Commission Staff, Public Staff, or any party in interest in any general rate case shall review the filing or application within 15 days after such filing and notify the applicant by letter of any additional information needed to complete the filing under Rule R1-17, and give notice to the applicant of the remedy provided by this rule for securing such information, and give the applicant 5 days to file such additional information in satisfaction of said letter request.

(2) If any material data or information required by Rule R1-17 (b) is not filed with the tariff or application for rate increase and is not secured after informal request as provided in Rule R1-17 (f) (1) above, the Commission on its own motion or on motion of the Commission Staff, Public Staff, or motion of any party having an interest in the proceeding made within 30 days after the filing of said tariff or application, may order the utility to appear and show cause within a period of 20 days after issuance of said order why said filing or application should not be denied for failure to comply with any material provision of this rule, including the filing of the contents of said application as prescribed under subsection (b) above.
(3) Such order to appear and show cause why the tariff filing or application should not be dismissed for failure to file material contents thereof shall specify with particularity the alleged deficiency or deficiencies in said tariff filing or application.

(4) Any utility company served with such a show cause order shall have the right to file all of the data and information and exhibits alleged as deficiencies in said show cause order at any time prior to the hearing on said show cause order or at the hearing on said show cause order and thus satisfy the show cause order, whereupon such show cause order shall be dismissed before or at the hearing set thereon, and the proceeding on the tariff filing or rate application shall proceed as in the case of a properly filed tariff or application for a general rate increase.

(5) If the Commission shall find after notice and hearing that the filing or application is incomplete and does not contain material portions of the contents required under subsection (b) necessary for complete determination of the justness and reasonableness of the rates filed or applied for, and that the applicant has failed to file said material data and information necessary for determination of the justness and reasonableness of said rates after notice and opportunity to complete said filing as provided herein, the Commission shall deny said application or dismiss said tariff filing, without prejudice to the refiling of said application or tariff filing with the complete contents prescribed herein.

(6) The Commission shall make its determination on such show cause order within ten (10) days after the show cause hearing provided in this subsection, and shall issue an order thereon dismissing the show cause proceeding where such deficiencies are satisfied and continuing the investigation of the application, or dismissing the filing or application for material and unsatisfied deficiencies therein as provided in this subsection.

(h) Procedure for Participation in Exploration and Drilling Programs and Approval of Associated Changes in Natural Gas Rates. — Repealed by NCUC Docket No. G-100, Sub 79, 12/02/99.

(i) Procedure for Filings under G.S. 62-134(d). —

(1) Any public utility adopting the basic retail rates of its wholesale electricity supplier under the provisions of G.S. 62-134(d), including each subsequent adoption of modified basic retail rates of its wholesale supplier, shall within 30 days of such adoption file with the Commission a Report of Adoption. The Report shall include the following as a minimum:

(a) A balance sheet as of a date within three months of the date of adoption.
(b) An income statement for the twelve months ending at the date of the balance sheet.

(c) An estimate of the revenues to be produced by rates that have been adopted.

(2) If the utility elects to adopt the monthly adjustments in the retail fuel charge of its wholesale supplier, then it must adopt decrease adjustments as well as increase adjustments. In such event, the utility shall file with the Commission a letter notice of each such adoption but is not required to file the Report of Adoption required under (i) (1) above.

(3) Filings of notice of adoption of basic rate changes under (i) (1) above shall be accompanied by the filing fee required for applications for rate increases but a filing fee is not required with monthly notices of adoption of adjustments to fuel charges.

(4) A new docket number shall be assigned to each filing under (i) (1) above. Subsequent monthly filings under (i) (2) above shall be made in the same docket until a new basic rate increase docket is established.

(j) Repealed.

(k) Procedure for Rate Adjustments Under G.S. 62-133.4.

(1) Purpose. The purpose of this Section (k) of Rule R1-17 is to set forth the procedures by which local distribution companies can file to adjust their rates pursuant to G.S. 62-133.4. The intent of these rules is to permit LDCs to recover 100% of their prudently incurred gas costs applicable to North Carolina operations.

(2) Definitions. As used in this Section (k) of Rule R1-17, the following definitions shall apply:

(a) "LDC" shall mean local distribution company.

(b) "Gas Costs" shall mean the total delivered cost of gas paid or to be paid to Suppliers, including, but not limited to, all commodity/gas charges, all direct, transaction-related costs arising from an LDC’s prudent efforts to stabilize or hedge commodity gas costs, demand charges, peaking charges, surcharges, emergency gas purchases, over-run charges, capacity charges, standby charges, reservation fees, gas inventory charges, minimum bill charges, minimum take charges, take-or-pay charges, storage charges, service fees and transportation charges, and other similar charges in connection with the purchase, storage or transportation of gas for the LDC’s system supply.

(c) "Suppliers" shall mean any person or entity, including affiliates of the LDC, who locates, produces, purchases, sells, stores and/or transports natural gas or its equivalent for or on behalf of an LDC, or who provides hedging tools, including, but not limited to financial tools, designed to
stabilize the LDC’s commodity prices. Suppliers may include, but not be limited to, interstate pipeline transmission companies, producers, brokers, marketers, associations, intrastate pipeline transmission companies, joint ventures, providers of Liquified Natural Gas, Liquified Petroleum Gas, Synthetic Natural Gas and other hydrocarbons used as feed stock, other LDCs and end-users.

(d) "Benchmark Commodity Gas Costs" shall mean an LDC's estimate of the City Gate Delivered Gas Costs for long-term gas supplies, excluding Demand Charges and Storage Charges as approved in the LDC’s last general rate case or gas cost adjustment proceeding. The Benchmark Commodity Gas Costs may be amended from time to time as provided in Section (k)(3)(a).

(e) "City Gate Delivered Gas Costs" shall mean the total delivered Gas Costs to an LDC at its city gate.

(f) "Commodity and Other Charges" shall mean all Gas Costs other than Demand Charges and Storage Charges and any other gas costs determined by the Commission to be properly recoverable from sales customers.

(g) "Demand Charges and Storage Charges" shall mean all Gas Costs which are not based on the volume of gas actually purchased or transported by an LDC and any other gas costs determined by the Commission to be properly recoverable from customers.

(3) Rate Adjustments Under these Procedures.

(a) Sales Rates. In the event an LDC anticipates a change in its City Gate Delivered Gas Costs, the LDC may apply and file revised tariffs in order to increase or decrease its rates to its customers as hereinafter provided. The Commission may issue an order allowing the rate change to become effective simultaneously with the effective date of the change or at any other time ordered by the Commission. If the Commission has not issued an order within 120 days after the application, the LDC may place the requested rate adjustment into effect. Any rate adjustment under this Section (k)(3)(a) is subject to review under Section (k)(6).

(i) Demand Charges and Storage Charges. Whenever an LDC anticipates a change in the Demand Charges and Storage Charges, the LDC may (as hereinaabove provided) change its rates to customers under all rate schedules by an amount computed as follows:
[(Total Anticipated Demand Charges and Storage Charges - Prior Demand Charges and Storage Charges) X NC Portion*]/ Sales & Transportation Volumes* = Increase (Decrease) Per Unit
*Established by the Commission in the last general rate case.

(ii) Commodity and Other Charges. Whenever the LDC's estimate of its Benchmark Commodity Gas Costs changes, an LDC may (as hereinabove provided) change the rates to its customers purchasing gas under all of its sales rate schedules by an amount computed as follows:

{[Volumes of gas purchased* (excluding Company Use and Unaccounted For) X (New Benchmark Commodity Gas Costs - Old Benchmark Commodity Gas Costs)] X NC Portion*}/ {Volumes of gas purchased for System Supply* (excluding Company Use and Unaccounted For)* X NC Portion*}= Increase (Decrease) Per Unit
*Established by the Commission in the last general rate case

(b) Transportation Rate. Firm and/or interruptible transportation rates shall be computed on a per unit basis by subtracting the per unit Commodity and Other Charges included in the applicable firm or interruptible sales rate schedule from the applicable firm or interruptible rate schedule exclusive of any decrements or increments. Commodity deferred account increments or decrements shall not apply to transportation rates unless the Commission specifically directs otherwise. Demand and storage increments or decrements shall apply to transportation rates.

(c) Other Changes in Purchased Gas Costs. The intent of these procedures is to permit an LDC to recover its actual prudently incurred Gas Costs. If any other Gas Costs are incurred, they will be handled as in Section (3)(a)(i) if they are similar to Demand Charges and Storage Charges, or as in Section (3)(a)(ii) if they are similar to Commodity and Other Charges.

(4) True-up of Gas Costs.
(a) Demand Charges and Storage Charges. On a monthly basis, each LDC shall determine the difference between (a) Demand Charges and Storage Charges billed to its customers in accordance with the Commission-approved allocation of such costs to the LDC's various rate schedules and (b) the LDC's actual Demand Charges and Storage Charges. This difference shall be recorded in the LDC's deferred account for demand and storage charges. Increments and decrements for this deferred account, including the portion of the Commodity and Other Charges true-up calculated under Section (4)(b) and apportioned to this deferred account, flow to all sales and transportation rate schedules. Where applicable, the percentage allocation to North Carolina shall be the percentage established in the last general rate case.

(b) Commodity and Other Charges. On a monthly basis, each LDC shall determine with respect to gas sold (including company use and unaccounted for) during the month the difference between (a) the actual Commodity and Other Charges incurred and (b) the actual Commodity and Other Charges billed to customers. This difference shall be apportioned each month to the LDC's deferred account for commodity and other charges based on the ratio of volumes sold to the volumes purchased for that month. The residual portion of the difference not apportioned to the LDC’s deferred account for commodity and other charges shall be apportioned each month to the LDC’s deferred account for Demand Charges and Storage Charges. Increments and decrements for Commodity and Other Charges flow to all sales rate schedules.

(c) Repealed.

(d) Supplier Refunds and Direct Bills. In the event an LDC receives supplier refunds or direct bills with respect to gas previously purchased, the amount of such supplier refunds or direct bills will be recorded in the appropriate deferred account, unless directed otherwise by the Commission.

(5) Other.

(a) Gas Costs changes not tracked concurrently shall be recorded in each LDC’s appropriate deferred account.

(b) The Commodity and Other Charges portion of gas inventories shall be recorded at actual cost and the difference in that cost and the cost last approved under Section (k)(3)(a)(ii) shall be recorded in the
deferred account when the gas is withdrawn from inventory.

(c) Each LDC shall file with the Commission (with a copy to the Public Staff) a complete monthly accounting of the computations under these procedures, including all supporting workpapers, journal entries, etc., within 45 days after the end of each monthly reporting period. All such computations shall be deemed to be in compliance with these procedures unless within 60 days of such filing the Commission or the Public Staff notifies the LDC that the computations may not be in compliance; provided, however, that if the Commission or the Public Staff requests additional information reasonably required to evaluate such filing, the running of the 60 day period will be suspended for the number of days taken by the LDC to provide the additional information.

(d) Periodically, an LDC may file to adjust its rates to refund or collect balances in these deferred accounts through decrements or increments to current rates. In filing for an increment or decrement, the LDC shall state the amount in the deferred account, the time period during which the increment or decrement is expected to be in effect, the rate classes to which the increment or decrement is to apply, and the level of volumes estimated to be delivered to those classes. Any such increments or decrements shall be made on a flat per dekatherm basis for all affected rate classes, unless otherwise ordered by the Commission.

(e) Notwithstanding the provisions of this Rule, an LDC may offset negotiated losses in any manner authorized by the Commission.

(6) Annual Review.

(a) Annual Test Periods and Filing Dates. Each LDC shall file and submit to the Commission the information required in Section (k)(6)(c) for an historical 12-month test period. This information shall be filed by Toccoa Natural Gas on or before September 1 of each year based on a test period ended June 30. This information shall be filed by Frontier Natural Gas, LLC, on or before December 1 of each year based on a test period ended September 30. This information shall be filed by Piedmont Natural Gas Company, Inc., on or before August 1 of each year based on a test period ended May 31. This information shall be filed by Public
Service Company of North Carolina, Inc., on or before June 1 of each year based on a test period ended March 31.

(b) Public Hearings. The Commission shall schedule an annual public hearing pursuant to G.S. 62-133.4(c) in order to compare each LDC’s prudently incurred Gas Costs with Gas Costs recovered from all its customers that it served during the test period. The public hearing for Toccoa Natural Gas shall be on the first Wednesday of November. The public hearing for Frontier Natural Gas, LLC, shall be on the first Tuesday of March. The public hearing for Piedmont Natural Gas Company, Inc., shall be on the first Tuesday of October. The public hearing for Public Service Company of North Carolina, Inc., shall be on the second Tuesday of August. The Commission, on its own motion or the motion of any interested party, may change the date for the public hearing and/or consolidate the hearing required by this section with any other docket(s) pending before the Commission with respect to the affected LDC.

(c) Information Required in Annual Filings. Each LDC shall file information and data showing the LDC’s actual gas costs, volumes of purchased gas, weather-normalized sales volumes, sales volumes, negotiated sales volumes and transportation volumes and such other information as may be directed by the Commission. All such information and data shall be accompanied by workpapers and direct testimony and exhibits of witnesses supporting the information.

(d) Notice of Hearings. Each LDC shall publish a notice for two (2) successive weeks in a newspaper or newspapers having general circulation in its service area, normally beginning at least 30 days prior to the hearing, notifying the public of the hearing before the Commission pursuant to G.S. 62-133.4 and setting forth the time and place of the hearing.

(e) Petitions to Intervene. Persons having an interest in any hearing held under the provisions of this Section (k) may file a petition to intervene setting forth such interest at least 15 days prior to the date of the hearing. Petitions to intervene filed less than 15 days prior to the date of the hearing may be allowed in the discretion of the Commission for good cause shown.

(f) Filing of Testimony and Exhibits by the Public Staff and Intervenors. The Public Staff and other
Intervenors shall file direct testimony and exhibits of witnesses at least 15 days prior to the hearing date. If a petition to intervene is filed less than 15 days prior to the hearing date, it shall be accompanied by any direct testimony and exhibits of witnesses the intervenor intends to offer at the hearing.

(g) Filing of Rebuttal Testimony. An LDC may file rebuttal testimony and exhibits within 10 days of the actual receipt of the testimony of the party to whom the rebuttal testimony is addressed.

Rule R1-18. REPARATIONS AND UNDERCHARGES.

(a) Reparation Statements; Formal Claims for Reparation Based upon Findings of the Commission. — When the Commission finds that reparation is due, but that the amount cannot be ascertained upon the record before it, the complainant should immediately prepare a statement showing details of the utility charges on which reparation is claimed. The statement should not include any utility charges not covered by the Commission's findings, or any utility charges on which complaint was not filed with the Commission within the statutory period. (See G.S. 62-132.) The statement, together with the said bills on the utility charges, or true copies thereof, should then be forwarded to the utility which collected the charges for checking and certification as to its accuracy. The certificate must be signed in ink by a general accounting officer of the utility and should cover all of the information shown in the statement. If the utility which collected the charges is not a defendant in the case its certificate must be concurred in by like signature on behalf of a defendant.

(b) Applications of Transportation Companies to Award Reparation or Waive Collection of Undercharges. — Whenever application is made to the Commission with copies to the Public Staff to award reparation or waive collection of undercharges on shipments that have moved between points in North Carolina, in addition to full explanation in justification of said applications, Form No. 1, at the end of this rule, shall be submitted also and same shall be handled in manner outlined in the preceding subsection.

A petition, which for good cause shown was not filed within the time herein limited, and which neither broadens the issues nor seeks affirmative relief, may be presented to and allowed or denied by the presiding official, in his discretion, at the time the cause is called for hearing.

(c) Copies Required. — See Rule R1-5, subsection (g).

(d) Leave. — Leave to intervene filed within the time herein provided, in compliance with this rule and showing a real interest in the subject matter of the proceeding, will be granted as a matter of course, but granting such leave does not constitute a finding by the Commission that such party will or may be affected by any order or rule made in the proceeding. Failure of any party to file answer or reply to such petition for leave to intervene does not constitute an admission of the facts stated in such petition, nor a waiver of the right to move to dismiss said petition at the time the cause is called for hearing for failure to comply with this rule.

(e) Notices of Intervention by the Public Staff. — Notices of Intervention by the Public Staff shall be deemed recognized without the issuance of any order. As a general rule, Notices of Intervention by the Public Staff need not be filed in advance of any hearing and appearances may be made and noted at the hearing. If the Public Staff elects to do so, Notices of Intervention may be filed in certain cases. The filing of testimony and exhibits and otherwise complying with all other Rules and Regulations of the Commission are not affected by this provision.

Rule R1-20. PREHEARING CONFERENCES.

(a) Purpose. — Upon written notice by the Commission in any pending proceeding, or by the chairman of the Hearing Division or any Hearing Commissioner or Examiner to whom any such proceeding has been referred for hearing, the parties or their attorneys may be directed to appear before the Commission, or such Commissioner or Examiner, at a time and place designated in such notice, for a conference for the purpose of formulating issues and consideration of:

(1) The simplification of issues;
(2) The necessity or desirability of amending the pleadings either for the purpose of clarification, amplification, or limitation;
(3) The possibility of making admissions of certain averments of fact or stipulations concerning the use by either or both parties of matters of public record, such as annual reports and the like, to the end of avoiding the unnecessary introduction of proof;
(4) The procedure at the hearing;
(5) The limitation of the number of witnesses;
(6) The propriety of prior mutual exchange between or among the parties of prepared testimony and exhibits; and
(7) Such other matters as may aid in the simplification of the evidence and disposition of the proceeding.

(b) Facts Disclosed Privileged. — All facts disclosed during a prehearing conference shall be privileged and, unless agreed upon by the parties involved and read into the stenographic record of the proceeding, shall not be used against the participating parties either before the Commission or elsewhere unless substantiated by other evidence.
Rule R1-21. CONDUCT OF HEARINGS AND INVESTIGATIONS.

(a) Open to the Public. — All formal hearings and investigations shall be open to the public.

(b) Notice.

(1) Proceedings in Which There Is Only One Party. — In proceedings in which there is only one party, hearings may be held at any time convenient to the Commission and to the party to the proceeding, with or without a public notice, in the discretion of the Commission.

(2) Posting of Notice. — In addition to other notice of hearings required by statute, notice of the date and place of all public hearings shall be posted on the bulletin board in the Office of the Chief Clerk of the Commission at least ten (10) days in advance of the date set for the hearing. Notice of all postponements of such hearings shall immediately be posted on said bulletin board.

(3) Publication of Notice. — In formal proceedings the Commission may, at its discretion, in addition to other notice, give or require to be given general notice of the substance of the application, petition, or complaint and the date and place of the hearing in a newspaper, or newspapers, for such length of time as the Commission may designate.

(4) Mailing Lists. — General mailing lists for copies of applications, petitions, protests, notices or orders will not be maintained but persons interested in specific matters under investigation should request the Commission to place their names on the mailing lists in connection with such specific matters.

(c) Motions. — Any motion made at the instance of an adverse party, the granting of which will summarily terminate a hearing of a cause, or necessitate the postponement of the same, must be filed with the Commission in writing at least ten (10) days before the date set for the hearing, which motion shall certify that a copy thereof has been served upon each party of record in the cause, or upon their attorneys of record in accordance with Rule R1-39. This rule shall not apply to motions which necessarily arise during the course of the hearing to which they relate.

(d) Procedure at Hearings. — Hearings shall be conducted by and before the Full Commission, Commission Panel, Commissioner or Examiner as provided in G.S. 62-76, and except as otherwise directed in the particular case, the presiding Commissioner or Examiner:

(1) Shall call the proceeding for hearing, giving the title of the proceeding, its docket number, and the nature and purpose of the hearing;

(2) Shall cause to be entered in the record the kind of notice given of the time, place, and nature of the hearing, and the date or dates such notice was given;
(3) Shall take the appearances, which shall be filed in writing with the court reporter and shall also be stated orally for the record.

(e) Order of Receiving Evidence. — Unless otherwise directed by the presiding Commissioner or Hearing Examiner, evidence will ordinarily be received in the following order:

1. Upon investigation on motion of the Commission: (i) Commission Staff, (ii) Public Staff, (iii) Respondent, and (iv) rebuttal by Commission Staff or Public Staff.
2. In investigation and suspension proceedings: (i) Respondent, (ii) Public Staff, (iii) Commission Staff, (iv) Protestants, and (v) rebuttal by Respondent.
3. Upon applications and petitions: (i) Applicants or Petitioners, (ii) Protestants, (iii) Public Staff, (iv) Commission Staff, and (v) rebuttal by Applicant or Petitioner.
4. Upon investigations after motion by the Public Staff: (i) Public Staff, (ii) Respondent, (iii) Intervenors, (iv) Commission Staff, and (v) rebuttal by Public Staff.
5. Upon formal complaints: (i) Complainant, (ii) Defendant, (iii) Public Staff, (iv) Commission Staff, and (v) rebuttal by Complainant.
6. Upon order to show cause: (i) Commission Staff, (ii) Public Staff, (iii) Respondent, and (iv) rebuttal by Commission Staff.

(f) Testimony by Public Staff or Commission Staff.

1. Investigations made by the Public Staff or Commission Staff in any pending proceeding shall be reported to the Commission in writing, a true and correct copy of which shall be filed with the official records of the proceeding at least twenty (20) days prior to the hearing of the cause, and may be inspected by any party to the proceeding or by any other person.
2. Such report may be offered in evidence by any party to the proceeding, or by the Commission, subject to the same rules of evidence that apply to other exhibits offered in evidence.

(g) Public Witness Testimony.

1. Witnesses must register his or her name on a sign-up sheet in the hearing room prior to his or her testimony.
2. After calling the hearing to order as provided in section (d), the presiding Commissioner or Examiner shall outline the procedure to be followed for testimony and shall establish hearing room decorum standards.
3. Witnesses will be called according to the order of registration on the sign-up sheet. The presiding Commissioner or Examiner reserves the right to re-order the witnesses in order to provide the Commission with a full spectrum of opinions and ideas.
Each witness shall state his or her name and address and the association, if any, that he or she represents at the time of his or her testimony. The presiding Commissioner or Examiner may limit the scope of the testimony to matters specified in the notice of public hearing.

To allow each witness an equal amount of time to testify or to prevent cumulative, repetitive, irrelevant or unnecessary testimony, the presiding Commissioner or Examiner may establish time limits for the presentation of testimony within his or her discretion and may limit testimony to five minutes or less per witness.

Any witness testifying may extend his or her remarks in written form, but written testimony must be submitted at the time of his or her oral testimony at the public hearing. Any witness may submit written testimony in lieu of oral testimony, but any written testimony must be submitted by the witness during the public hearing and subject to cross-examination.

Only one witness may testify at a time and shall refrain from testifying to matters not specified in the notice of public hearing. Witnesses are providing testimony to the Commission and should not address non-Commission participants in the hearing room and may not ask questions. As testimony must be recorded, the presiding Commissioner or Examiner may limit unconventional modes of testimony to ensure accuracy of the record.

To allow all witnesses to be heard and properly transcribed by the court reporter, the presiding Commissioner or Examiner shall have the right to instruct the removal of any member of the audience attempting to participate either verbally or visually during testimony. Members of the audience shall not bring signs or placards into the hearing room.

The presiding Commissioner or Examiner, at his or her discretion, may modify the rules for public witness testimony.

(h) Transcript. — The transcript of matters heard before the Commission or before an Examiner shall contain the docket number, date of hearing, title of the cause, testimony offered, objections, rulings on objections, exceptions, and such motions, rulings, and orders as may be made during the course of the hearing. Unless directed by the Commission or the Examiner, the reporter's transcript of the proceedings shall not include oral arguments or contentions of the parties. Copies of transcripts will not be furnished parties unless written order therefor shall have been given to the court reporter prior to or at the close of the hearing.

(i) Discussion Pending Decision. — After the close of the hearing it is improper for the parties to discuss the case with the Commission pending the decision, or to induce others to do so by letter, wire, or by any other means. G.S. 62-70 prohibits ex parte contacts without notice to all other parties.

(j) Notice of Orders and Decisions. — When an order or decision of the Commission, or the report and recommended order of an Examiner, as the case may be, is ready to be made and entered in the cause, copies thereof shall be mailed, delivered or transmitted by electronic mail to all parties to the proceeding or their
attorneys. Copies to parties against whom such order or decision runs shall be under seal of the Commission and shall be mailed to such parties by registered or certified mail unless the Commission shall direct service by some other means authorized by law. Any party against whom such order or decision runs may consent to service of those orders or decisions by electronic mail in lieu of being served personally or by registered or certified mail by filing a written waiver and consent to receive service by electronic mail with the Clerk; provided, such consent shall remain effective until thirty days after the party has notified the Commission in writing that its consent to receive service by electronic mail has been revoked. The Commission may serve other parties to the proceeding by first class mail or electronic mail. (G.S. 62-63 and G.S. 62-79.)

Rule R1-22. PRACTICE BEFORE THE COMMISSION.

(a) In all proceedings wherein pleadings are filed and a formal hearing is held involving the taking of testimony and the formulation of a record subject to review by the courts, no person may appear in a representative capacity other than an attorney at law, duly qualified and entitled to practice before the Supreme Court of the State of North Carolina. (See G.S. Ch. 84.)

(b) This rule does not limit the right of any individual to plead his own cause before the Commission and to call and examine witnesses in his own behalf, and to cross-examine the opposing witnesses. Neither does this rule limit the right of any individual, whether called as a witness or not, to testify in any hearing or investigation before the Commission with respect to facts pertinent to the issues involved.
Rule R1-23. APPEARANCES.

Parties shall enter their appearances in proceedings before the Commission at the time the cause is called for hearing by giving their names and addresses in writing to the reporter, who will include the same in the record of the proceeding. Appearance may be made on behalf of any party by counsel, and thereafter all notices, pleadings and orders in the cause may be served upon such counsel, and such service upon counsel shall be considered valid service for all purposes upon the party represented by such counsel. Counsel making an appearance on behalf of any party shall give their name, post office address and an electronic mailing address to the reporter, who will include the same in the record of the proceeding. The Commission may, in addition, require appearances to be stated orally, so that the identity and interest of all parties may be made known to those present and having an interest in the subject matter of the proceeding.

(NCUC Docket No. M-100, Sub 134, 3/11/10.)
Rule R1-24. EVIDENCE.

(a) Admissibility, Generally. — Any evidence admissible under the General Statutes of North Carolina, or under the rules of evidence applicable in civil actions in the superior court of this State, will be admissible in investigations and hearings before the Commission.

(b) Judicial Notice. — The provision with respect to judicial notice set forth in G.S. 62-65(b) will apply to investigations and hearings before the Commission.

(c) Stipulations. — The parties to any proceeding or investigation before the Commission may, by stipulation in writing filed with the Commission or entered in the stenographic record at the time of the hearing, agree upon the facts or any portion thereof involved in the controversy, which stipulations shall be binding upon the parties thereto and may be regarded and used by the Commission as evidence at the hearing. It is desirable that the facts be thus agreed upon whenever practical. The Commission may, however, require proof by evidence of the facts stipulated to, notwithstanding the stipulation of the parties.

(d) Prepared Statements. — A witness may read into the record as his testimony statements of fact prepared by him, or written answers to questions of counsel; provided, such statements shall not include argument; provided, further, that before such statements are read or offered in evidence a copy thereof shall be delivered to the presiding officer, a copy to the reporter, and copies to opposing counsel, as may be directed by the presiding officer. The admissibility of such written statements or questions and answers shall be subject to the same rules as if such testimony were produced in the usual manner.

(e) Abstracts of Documents. — When documents are numerous, such as freight bills or bills of lading, and it is desired to offer in evidence more than a limited number of such documents as typical of the others, an abstract in an orderly manner of the relevant data from such documents shall be prepared and offered as an exhibit, giving other parties to the proceeding reasonable opportunity to examine both the abstract and the documents.

(f) Exhibits, Generally.

   (1) Size and Identification. — It is desirable, when practical, that exhibits be on paper of uniform size not exceeding 8½” x 14”, and that each exhibit be distinguished from other exhibits by a short title descriptive of the subject matter of the exhibit, by an identification number or letter and by the name of the witness, and that all exhibits produced by a single witness be assembled and bound together, properly indexed, and offered as a single exhibit.

   (2) Records and Documents. — For the purpose of identification and for the purpose of the record on appeal, all records or documents in the files of the Commission and other matters of a documentary nature when offered and admitted in evidence must be read into the stenographic record of the proceeding, or a true copy thereof offered as an exhibit. Records or documents of more than one hundred words must be offered in the form of an exhibit.
(3) Copies. — Not less than an original plus thirty (30) copies of each exhibit shall be provided for the use of the Commission, with an extra copy for each party to the proceeding, unless the Commission shall require a larger number in the particular case.

(g) Exhibits by Expert Witnesses.

(1) Proposed Initial Direct Testimony to Be Reduced to Writing. — The proposed initial direct testimony of an expert witness, including accountants, auditors and engineers, in rate cases and in other proceedings involving detailed and complicated computations, audits, cost studies, appraisals, tables of figures, graphs, charts, drawings, and other exhibits of a similar nature, shall be reduced to writing, which shall include a brief statement in narrative form of the qualifications of such witness (training and experience), and that the exhibits proposed to be offered in evidence were prepared by or under the direction of such witness. The witness shall explain in writing each exhibit in such detail as to make the same understandable.

(2) Time of Filing. — Except as provided below, the testimony for the applicant of such expert witnesses shall be filed with the Commission at least 60 days prior to the date set for the hearing in general rate cases, and at least 30 days prior to the date set for the hearing in all other cases. Testimony of such expert witness in rebuttal shall be prepared in the same manner and form, and shall be filed with the Commission at least 10 days prior to the date fixed for the hearing. The Commission Staff, Public Staff, Attorney General and all other Intervenors or Protestants shall file all testimony, exhibits and other information which is to be relied upon at the hearing 20 days in advance of the scheduled hearing. When filed, all such exhibits shall be made available immediately to adverse parties of record, and to others having an interest in the proceeding.

Class A & B electric, telephone, natural gas, water, and sewer utilities shall file with and at the time of any general rate case application all testimony, exhibits and other information upon which any such utility will rely at the hearing. Class C water and sewer utilities shall file 45 days prior to the hearing on the general rate case application all testimony upon which such utility will rely. In general rate cases of Class A & B electric, telephone, natural gas, water and sewer utilities, the Commission Staff, Public Staff, Attorney General and all other Intervenors or Protestants shall file all testimony, exhibits and other information which is to be relied upon at the hearing 30 days in advance of the scheduled hearing, and any testimony for the utility in rebuttal shall be filed 15 days prior to the hearing.

(3) Copies Required. — An original plus thirty complete copies of the testimony of each expert witness, as required by this rule, shall be filed with the Commission for its use.
(4) Procedure at Hearing. — The testimony of an expert witness, prepared and submitted as provided by this rule, may be identified by the witness, offered in evidence, and made a part of the record without further formality or further explanation, and the witness immediately tendered for cross-examination; provided, that any party to the proceeding shall have the right to object to or move to strike all or any part of such testimony by filing such objection or motion with the Commission in writing at least five (5) days prior to the date fixed for the hearing; provided further, that if upon such objection or motion all or any part of the proposed testimony is excluded, the party offering the same shall be allowed to offer other testimony in lieu of that excluded by the same or other witnesses without the necessity of advance filing.

(5) Relief from Subdivisions (1) to (4). — Relief from the provisions of subdivisions (1) to (4) of this subsection may be granted by the Commission, after notice of hearing and before the date of hearing, in cases in which it appears by stipulation of counsel for the respective parties that the oral testimony or exhibits of expert witnesses will not be of such technical or complicated nature as to warrant a recess of the hearing for study and preparation of cross-examination.

(h) Subpoenas. — Subpoenas may be issued by the Commission on its own motion for the attendance of witnesses or for the production of books, records, and documents considered necessary for the information of the Commission, and may be issued at the instance of a party to the proceeding upon written request therefor; provided, that the request for the production of books, papers, records, and documents shall specify the books and records desired and purpose for which the same are desired.

(i) Letters, Telegrams and Petitions. — G.S. 62-65 requires the Commission to adhere to the rules of evidence applicable to civil actions in the superior court, insofar as practicable. Letters, telegrams and petitions sent to the Commission concerning matters pending before it for hearing violate the rules of evidence, and sending such communications to the Commission, or inducing others to do so, will not be looked upon with favor by the Commission.

(j) Numbering of Testimony Lines. — Each individual sheet of testimony and, where practical, exhibits and other supporting materials, of all parties shall have each line numbered in the left-hand margin and shall be punched to fit a three-ring binder. Written testimony shall also comply with the requirements of Rule R1-5(c).

Rule R1-25. PROPOSED FINDINGS OF FACT, CONCLUSIONS OF LAW, AND BRIEF; SUMMARY STATEMENTS AND REPLY STATEMENTS.

(a) Any party of record, including the Public Staff, to a proceeding before the Commission, Commission Panel, or before a Hearing Examiner shall, upon request of the presiding Commissioner or Examiner, file proposed findings of fact, conclusions of law, and brief in the cause on all issues. The Presiding Officer shall fix the time within which to file such proposed findings, conclusions and briefs at the hearing or thereafter, and no decision, report, or recommended order shall be made in the cause until after the expiration of the time so fixed.

(b) Contents. — Each proposed finding of fact shall be clearly and concisely stated and numbered. Such statement shall be followed by one or more paragraphs which shall set out or specifically refer to the testimony supporting such proposed findings of fact.

(c) Form; Copies Required. — Rule R1-5, subsections (c) and (g) shall apply to the filing of briefs, proposed findings of fact, and conclusions of law. Unless filed electronically pursuant to Rule R1-28, the parties shall also file a copy of their briefs, proposed findings of fact, and conclusions of law via electronic mail addressed to briefs@ncuc.net attaching editable noncompressed files in Microsoft Word or ASCII Text format. The Commission may waive the electronic filing requirement for good cause shown.

(d) Summary Statements. — Pursuant to G.S. 62-15(g) the Public Staff shall in all general rate cases provide to the Commission fifteen (15) days after the close of all general rate hearings Summary Statements and schedules in comparative form setting forth the position of the applicant, the Public Staff and such other intervenors as may be required, with regard to all material facts and matters of which the Public Staff has knowledge or is aware which must or should be considered in determining a public utility's cost of service and/or in the fixing of just and reasonable rates.

With regard to matters at issue, the Summaries shall include such schedules and written narrative explanation so as to clearly and completely show and convey reconciliation of the difference between the parties to the proceeding.

The above mentioned Summary Statements, schedules and reconciliations shall include, but not be limited to, the following:

Rule R1-27 also applies to giving notice of filing papers by mail. In addition, any notice, motion, pleading, or other document may be electronically filed with the Commission using the Commission’s online electronic filing system.

(b) An electronic filing may consist of one or multiple files, but all of the files in a filing must be either public or confidential and the filing so marked when made electronically. Except as provided in Section (e) below, do not file paper copies of documents that are filed electronically. Other provisions of any statute, rule, or order regarding the content and format of specific filings remain applicable.

Such annual reports shall be under oath and shall be prepared on forms approved or furnished by the Utilities Commission for the respective utility services offered by such companies; to wit, the appropriate approved form respectively for electric service, telephone service, water service, sewer service, natural gas service, motor carriers of household goods, motor carriers of passengers, and common carriers by water. Where prescribed by the forms furnished or approved by the Commission, such public utilities shall make such annual reports in accordance with the classification of such utility as prescribed by the instructions for said forms; to wit, Class A, Class B, or Class C utility companies, or other classifications, for the respective utility services. All operating data, financial statistics, and other accounting and financial information required for said form shall be furnished in accordance with the respective Uniform System of Accounts prescribed for the said respective utility services, unless otherwise specifically provided by the Commission. The Chief Clerk shall, immediately upon the filing of any annual report, transmit the same to the Public Staff for retention and use in accordance with its statutory duties.

(b) All such annual reports shall show the utility's total operations. If the utility operates in other states in addition to North Carolina, the report shall also show separately stated either the utility's total operations in North Carolina or its total operations in intrastate commerce in North Carolina. Any utility which elects to separately state its total operations in intrastate commerce in North Carolina rather than its total operations in North Carolina shall include therein any interstate operations over which the Commission has rate-making jurisdiction.

(c) The separate statement of total operations in North Carolina or of total operations in intrastate commerce in North Carolina may be shown by supplementary addenda or by different colored insert pages in sequence to the report of total operations. The underlying basis for all separations and allocations used in obtaining the separate statement shall be given in sufficient detail to permit analysis thereof by the Commission.

(d) In the case of public utilities which file annual reports with federal agencies such as the Federal Energy Regulatory Commission, Federal Communications Commission, or Department of Transportation, a copy of said report to the federal agency will comply with this rule insofar as it requires a report of total company operations; provided all said copies shall contain supplementary addenda or different colored insert sheets in sequence showing the required separate statement of total operations in North Carolina or of total operations in intrastate commerce in North Carolina.
The separate statement of total operations in North Carolina or of total operations in intrastate commerce in North Carolina shall show for the separately stated operations:

1. The original cost of the utility's plant and equipment used therein,
2. The portion of the cost thereof which has been consumed by previous use recovered in depreciation expenses,
3. The gross revenues derived therefrom,
4. The operating and maintenance expenses, actual investment currently consumed through depreciation, and taxes attributable thereto, and
5. The net utility operating income derived therefrom.

In lieu of filing annual report forms furnished or approved by the Commission, or otherwise filing any other information as provided for in Sections (a) through (e) above, incumbent local exchange companies (ILECs) that are price regulated under G.S. 62-133.5(a), and any carrier electing regulation under G.S. 62-133.5(h), may instead satisfy all of their annual reporting obligations by providing the following as soon as possible after the close of the calendar year, but in no event later than the 30th day of April of each year for the preceding calendar year:

1. Publicly traded ILECs may provide the Commission with a link to their annual filings with the SEC;
2. ILECs that are not publicly traded may annually file copies of their audited financial statements with the Commission;
3. CLPs with COLR responsibilities that are publicly traded may provide the Commission with a link to their annual filings with the SEC; and
4. CLPs with COLR responsibilities that are not publicly traded may annually file copies of their audited financial statements with the Commission.

Common carriers of passengers and household goods will be in compliance with the provisions of this rule by completing the annual report form prescribed by the Commission.

In addition to filing FERC Form No. 1 as revised by the Federal Energy Regulatory Commission effective on February 5, 1982, for reports to be filed on or before April 30, 1983, and for reports filed thereafter, Electric Companies shall also file the following financial schedules in addition to the revised FERC Form No. 1, or modify the revised FERC Form No. 1 schedules as follows:
